Hon. Elias Barr,
 Tarboro, N. C.

Dear Sir,

As Chairman of the
 County Democratic Ex. Committee and by authority
 from the same and also in behalf of the Lincoln
 Democratic Club, I write earnestly to request
 you to address the people of this section on Tuesday,
 July 28, on the political issue of the day. I make
 the request for this early time, because it is feared that
 it will be dangerous to defer the matter till the cam-
 paign is ^{on} in full. If you can find it convenient
 to honor us with your presence on that occasion
 I assure you of an immense audience from Gaston,
 Cleveland, Catawba and Lincoln Counties. As the time
 is short, I respectfully ask reply at your earliest con-

venience. The Third party is making strenuous
efforts in the counties I have just mentioned
and I feel sure that your coming would assist
them very greatly. If you cannot come at the
time mentioned, please set a day as near that
time as possible, and we will see to it that your
coming will bring much good to the Dem-
ocratic party.

Sincerely hoping that you will
find it convenient to address our people
on the day mentioned, I am

Most respectfully Yours,

J. M. Roberts, Chm.
Sec. Ex. Com.

HOLMES & SCOTT,

WHOLESALE

September 13th 1899.

Dear Uncle Elias:

I wrote you the truth as to my condition on Saturday night but I have not drawn for a cent. I do owe you about \$25⁰⁰ for Prem on Life Ins Policy and if I die I hope my wife will be honest enough to pay it. And if I ever make it before then I shall pay it. However after reading your letter again I could not get my consent to draw on you - "If the worst comes to the worst call on me and I will help you". Is that, when you are Yruman of W.C. when you propose to help the people? It was a revelation to me to think that my "Uncle Elias" would see me at "the worst" before he would stretch out his hand. Why strangers have heard of my great sorrow and have profered assistance. And I deliberately concluded that it was just as reputable to beg strangers and perhaps a little more hopeful than to beg supposed friends. You have trusted and I hazard on me and yet you have seen me reduced to beggary and with stolid indifference have said in effect I will help you to save you from the devil - This too in the face of the fact that not few months ago is a strange word is not it? I thank you for the farms, which have been many to me and yet in your kindness to me you were being indirectly benefited. I am afraid you show the truth when you depended to me your support. God pardon me if I write amiss and bless you.

Yours Sincerely

W. C. Y. Parker
