Mr. Elias, Can.

Dear Sir Sir,

Allow me this simple pleasure, for it fills my heart with pleasure to congratulate you upon your election upon the majority that you have carried the state. May the democratic flag never trail in the dust again in this grand old state of ours in making your Rail Road & other appointments I hope that you will think of Cranen & her intins, though she is out-numbered she has many hard workers & they have done their full duty. I did not get home untill Tuesday 11 O'clock.

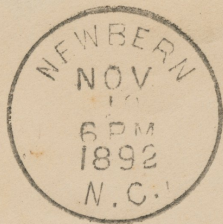

We have held up the democratic flag from one end of the county to the other & preached  
Can. James Fratt, H. H. Perry
