Col. Elias Carr,
Old Sparta, N. C.

My Dear Sir:—

If North Carolina is to have a Democratic Governor, what good reasons exists why he should not come from the grand and historic old County of Edgecombe? You are native and to the "man born" and I believe in the conduct of the government of the State you will be as fair, just, dignified and impartial as any man of your party in the State — if not of any party. I hope for your administration the highest standard of success. In spite of my being a true blue Republican I admire any man who is true to his honest convictions. While asking and expecting no party favor at your hands, I

thought a word of congratulation
would do no harm, if it would
do no good.

Having known you personally
for a number of years, and believing
you possessed of those nobler im-
pulses of the human heart, which
will allow you only to pursue
that course which will redound
to the general good of the whole
people of the State I bid you
God speed as you undertake the
great responsibility to which your
state now calls you. You will do
right because it is right, and
it is wrong, I am quite sure. ^{because} ^{you will do}
Sincerely & truly yours

Hon Elias Carr,
Governor-Elect
of North Carolina

John C. Daney.
