

W. A. DUNN,  
Attorney at Law,

Scotland Neck, N. C.,

Nov. 10, 1892.

Hon. Elias Carr,

Tarboro, N.C.

My Dear Sir:-

I knew that it is the fashionable thing to do to congratulate the governor on his election. I do not congratulate you in the fashionable sense but I congratulate you from principle, for I know that you did not seek the place and that you will be superior to any and every cooperation influence. I know that you will be the Governor of the people and not of the trust, corporations and combines. I knew that you will reflect credit on the farmers of your state, and while I know the great responsibility which you have assumed, I know that you will be equal to every demand that may be made upon you, and I know that the old party which we all love will be stronger when you and Cleveland retire than it is to day, and that because you are MEN.

You have my heartiest wishes for your own good and that of the State.

Yours very truly,

*W. A. Dunn*

P.S. The Scotland-Neck Mounted Riflemen ask me to say  
"Hurrah for Carr."
