Gov. Thos. M. Holt

Raleigh N.C.

My Dear Governor =

Your kind invitation to be your guest during the inauguration week here during my absence or would have had immediate reply -

I regret exceedingly I can not accept your hospitality but my party exceeds my own immediate family and besides I fear it would be an imposition upon Mrs. Haywood in her present health - trusting she may soon be restored to perfect health and an assurance she need give herself no concern about leaving the mansion until it suits her health and convenience - I am, Sir, Yours
