Gov. Carr

Dear Sir; your letter being received on Saturday  
I shall endeavor to ans. In regards to the crop it was very  
short & cotton as I guess you were aware of was very  
low, this last fall & my fortune last year & the 1st of  
this was more sickness than I have ever had since  
I had a family my wife was taken sick the 1st of  
last year & attended by two Drs. & my Dr's bill was  
very heavy & this year there was no less than five  
of us in bed at once with this awful Lagrippe  
& my self concluded, so you can see I've had  
a very rough time but I am thankful we are all  
up again but my wife she still lingers & therefore  
knowing you to be the Gentleman I deal with that  
you will sympathize with my case & now if I please  
you to bare with me I'll pay you this coming fall  
what I believe will satisfy you, as my condition  
is little more promising this year than it has been

I hope when you see the reason of this  
that you may ans. to your satisfaction & I pray  
It may please you,

Your humble Servant

Spigg Michou
