Dear Elias:

The day, this the 20th of  
Mar. 1899, is fine, very fine, I am sorry  
to say, because being fine it is, I sup-  
pose, a weather breeder, I look  
therefore for terrible weather within  
twenty-four hours, for we will have  
to pay up for it you may be sure,  
The ratio now seems to be 100 to 1,  
that is, 100 hours of wet to 1 of dry.  
Still we have much to be thankful  
for, very much, as the terrible cyclones  
in Ala & Miss. did not destroy us. I  
have an old note here for 249 7/8  
with int, which I never expected to  
recover, but I think now that it  
will be pd. in a few days. The plants
