Mess. E. Carr & Son,
Old Sparta, N. C.
Gentlemen:-

We have your postal card, stating you will want about a 10-H.P. Portable engine and boiler on wheels about July 1st next. We find we have heretofore had correspondence with you regarding outfit, and on the 10th inst., quoted you special low net cash price on a second-hand outfit, which we did for the reason that we understood you were disposed to put in something cheaper than our new work. We would thank you to let us know soon whether or not we may enter your order for the said second-hand outfit, or should you conclude to put in new power, we would like very much to supply same, as we know our work would give you excellent satisfaction.

By enclosed general notice, you will understand that we are unable to guarantee our quotations for any great length of time, we they hold good only so long as our present stock lasts.

Yours truly,

JAMES LEFFEL & CO.
