

Warrenton, N. C.

April 29th 1899.

My dear Gov. Carr,

Please accept my
thanks for a very nice pair of shoes
Mr. Phell sent up to me as a pres-
ent from you - We all enjoyed them
greatly.

The nice spell of weather we have had
lately has enabled the farmers to catch
up a great deal, though I think they
must be a good deal behind now &
I am sure the land was badly prepared
All this must operate against making
a good crop. Wheat looks badly & not
so much was seeded as intended on
account of the wet fall.

With best wishes to you all

I am yrs very truly
Hugh J. White
