

Va. Beach, Va.

Aug. 4-1900

Dear Elieco:

Bounce recd. your letter
this Am. We were all delighted
to hear of the result of the election &
that things passed off so quietly. Am
greatly relieved to find that there
was no serious difficulty, be-
cause I fully expected it. Let
askay. I suppose. By newspapers,
like every body else. Gave you
run down for a few days - no-
body at the cottage now but
Bounce. Kearny Williams, I learn
is looking for Webster this evening.
All join me in love.

Affly

Burtin.

If you cant oblige your friend buy a
round trip ticket to the Beach. You must
never to speak to any one now a days about
riding free on any rail road -
