

Lue wrote me that you
had nearly teased her to
death about Tom Coleman
I know you enjoy teasing
her. You spoke of the warm
weather it is the most pleas-
ant place here. This a.m. I
have ever seen we have a
good breeze from the river
& no mosquitoes but when
we have a land breeze they
are fearful. You wrote me
that you had a plenty of
shade Ice cream melons &
fruits we have a plenty of
cream but as for melons
grapes & fruits I have not
seen a decent melon this
year & no grapes or fruits.
but I dont miss them much
as we have so few at home.
Well I think if I keep this
up you will be bored
till so think best to close

With lots & lots of love for your
dear fat self I am as ever
yours very devotedly
Susie
