Page County,
Sept. 16 - Va.

Dear Mrs. Carr,

I have been hoping ever since I reached here for time to write a long letter - it seems hard to finish so I'll send a few lines to night at all events.

I have not been so happy in a long time as your note of yesterday has made me -

Beh with you again and no shadow on the school life of the dear little girls! I do not think Eleanor disliked Miss Ashton, but the

Child felt her inability
to give instructions &
of course lost interest
in her school work.

I am so glad you got
rid of her pleasantly -
more for your sake than
for hers. I can imagine
just how satisfied all
of you are at so happy
a termination of an
unpleasant affair. I
rejoice most heartily
with you.

I arrived safely at the
Institute on the evening
of the 8th - the day
after I left you. I
spent the night in Peter-
burg - left there at 7-45
on the morning of the

awhile.

I had a letter from Winifred
a few days ago - She has
a pleasant little school
but has to walk half
mile and eat cold dinner.
I think the exercise will be
good for her. She is here
a Methodist-Church and
will have the pleasure of
working in the Sunday
School. Winifred
she is not so cut-off from
all social and religious
pleasures as we thought.
Her address is "Willow
Green, Green County,
N. C." I hope some
of you will write to her.
My love for each of you - and
dozen kisses for the little
girls, and a fervent-God Mary

8th and reached Luray
at 6-30. Making the
entire trip by day light,
which was far more
pleasant than when
I made it at night.
Indeed I rather enjoyed
the trip. The scenery
from Gondonsville to
Luray is simply beautiful.
I have had no return
chills and feel so glad
that I begin work feeling
strong and well.

The School opened with
bright prospects. We or-
ganized Wednesday ^(even)
and went at once to
work. I am busy all
day long, but hope to
have more leisure after
