

Raleigh Sept 16<sup>th</sup>

Gov. Carr,

My dear Sir,

The By Laws of the Atlantic Road under the head of President says no lease can be made without the approval of the Stock holders - Sec 2 says the President or 5 Directors can call a meeting on 20 days notice advertised in two or more papers - This will of course start an injunction necessarily going to the Supreme Court, not to be settled until your term expires. You of course understand the situation better than I, but as you have kindly asked my views I must in candor say that I would fear the result.

Yours respectfully & sincerely

Jas. W. Wilson

am going home to night will return Monday
