MANUFACTURERS OF

WARPS AND FILLING.

Morganton, N. C., July 7<sup>th</sup> 1893

Hon Elias Carr Gov.

Dear Gov.

I went over to the Hospital yesterday to see your son - he was off on his farm so I missed him - Am gratified however to give you the most favorable report as to his improvement - He is now entirely himself and has by his gentle handling become every one's favorite. Altho' apparently perfectly well Dr. Murphy advises his remaining with him at least 12 mos. by this time the appetite will be eradicated. If agreeable to you Dr. M. will give him some position as apl. he will then feel his work and not regard himself as a patient but an employe of the institution. As you mentioned the subject so early, I know you will not regard it in any way but the kindest motives to advise this course to a poor old father who has gone thru the same July experiences all the circumstances.

Your friends here are gratified that you will  
pay them a visit - no public demonstration  
will be given but our homes will be open  
to yourself & friends. Will return to Raleigh on  
Monday. With high regards I am

Very truly & affectionately  
Yours  
Jas. W. Wilson
