

Knoxville, Aug. 13, 1893.

Dear Governor:

I return Mr Graham's opinion
with apologies for keeping it so ^{long}. I have been
absent for some time - only returning last
night.

I am glad to see that my excellent
friend, Graham, recognizes that the
world - including the Supreme Court -
'do move' - One more determined
assault upon the protected N.C. R.R.,
and the long fight will be over -
Make your Directors & Proxy surrender by
resolution at the very next meeting -

Very sincerely yours,
Geo. F. Davidson
