## *the* President

To the Graduating Classes:

Your senior year, graduation, commencement. In accompanying my mother, as a small boy, at a college commencement program, I asked her, "Why are the exercises called 'commencement' when the students are graduating and finishing their studies?" "Yes, they are finishing their studies," she replied, "but they are just commencing their life's career." This statement has remained with me throughout my life. I wish that I could impress upon you that your college diploma is not the symbol of a conclusion or an ending, but the commencing point of a life of service to your fellow man. So with your diploma as a symbol of your preparation for a useful life, go forward, as I am sure you will, and be ashamed to die until you have rendered some real service to the world.

## our DEANS

There is but one straight road to success, and that is merit. The person who is successful is the person who is useful. I am hoping that the seniors who leave us this year to take their places in the professional field will remember always the motto of their Alma Mater, "To Serve," and through service become useful, successful citizens.

Annie L. Morton, *Dean of Women*

"To Serve" is the motto of your Alma Mater. Will you not therefore keep this motto ever before you as a constant reminder of your duty to others when you go out into the various fields of endeavor.

To serve others is a noble trait and like bread cast upon the waters will bring the richest returns.

Dr. R. J. Slay, *Academic Dean*

## “...and Now at Last”

We, who have come through four years of college life, are seniors. Graduation is just around the corner, and we are just beginning to feel that we don't want to turn that corner. But, when we do, we'll leave with the feeling that these have been four worthwhile years, and we hope we've made the most of them.

Busy

OUTSIDE interests are a part of every good student's schedule. Clubs, their initiations, student government, and publications, all are worth while and interesting. They certainly help to fit the student for his life work.

An active, hard-working organization is this club. Organized during the school year of 1945-46 it has shown what a cooperative spirit among members can do. Immediately after receiving its charter the club started an athletic scholarship for this school. To insure funds for this scholarship this year, the boys put on with the aid of Mr. Eli Bloom a minstrel composed of campus talent. This was the highlight of the club's program for the year. It is an up and coming organization.

These are the girls, selected for their charm and beauty, who marshal at all the college entertainments. Dressed in their lovely white gowns, they lend the needed air of charm to the gathering. Not only do they lend beauty, they aid in avoiding confusion by helping the audience find their seats quickly. These girls are proud of their honor and are rightly so as they are indispensable to the college social life.

The citizens of Greenville consider East Carolina Teachers College one of the community's greatest assets, and sincerely appreciate the value of having it in their midst.

Through their City Government and Chamber of Commerce, they extend hearty congratulations to the Student Body and Faculty for their achievements.

To the Graduates of the Class of 1947, and to the student body as a whole, they extend best wishes for success in future undertakings.

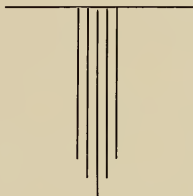

## Congratulations
