Dear Mr Carr,

Spis of a late date rec'd. I have intended sending it for bal. last quarter sent, but have been very busy & now have left the papers at my house. I showed yr letter to Palmer & he says he is not willing to rent the place next yr unless he can have ^{at the same price} the whole house, the whole garden, the stable, & the house Calvin lives in. Says he w'd allow Calvin to live there rent free, but must have absolute control of the whole premises. I told him I w'd write you but I'd say to him that ~~he~~ ^{you} w'd be sure to let him move. I think you had better let him go. Some people want the "earth & the fullness thereof" for nothing. Will send it in a day or two. Please let me have in reply -
Best wishes C. I am yrs truly H J White
