Old Sparta N.C

Gentlemen:

The writer having been for 14 years connected with the late firm of Loreutz & R, has now connected himself with this company and we beg to offer you our fertilizers for the coming Tobacco as well as Cotton planting season.

We have an excellent Tobacco manure suitable for the lands of your country, which we are satisfied would produce as fine results as the L&R Guano.

Will <sup>be</sup> pleased to hear from you and quote prices.

Yours Truly,

DETRICK FERTILIZER & CHEMICAL CO.
