

ROCKY MOUNT, N. C.,

March 7 1896

His Excellency
Governor Elias Carr,
Raleigh,
N. C.

My Dear Sir -

In your favor of recent date I have
the honor to say that any di-
rection which you may kindly
give will be appreciated and
followed.

The best one can do in the
way of any anti-dormitory is a
staged greenhouse and of course this
has no gallery. It is the Buckner
Davis greenhouse and we already
have to erect a stage and to
supply the seats, but Mr. Davis al-
ready provides the building gratis and
as well as is in many
other ways -
How do you think it will

do I have 58¢ reserved seats and
36¢ general admission, instead of
the usual 26¢ for galleries.
These were our prices at the Concert,
indeed they are the regulations fixed
here.

The absence of a firm hall here
is really very unfortunate.
There being no way to heat these
large rooms, they succeed in any
entertainment depends largely
upon the weather.

If it is warm
you will doubtless realize a creditable
amount from this Recital.
I am doing all that I can and
I am sure that the patrons
are glad. I received the notices from
Mr. Smith today -

Thanking you
for your kind suggestions and
hoping that Mr. Fuller's entire tour
may be a great success.

I am very respectfully yours
Berrie Northampton
