Gov. Elias Carr

Mr. Sir.

I have just returned to the City and find that Col. Kerchner had kindly answered the communications relative to the "Vance fund". We will do all in our power to make the lecture a success and will be glad if you will let us know as early as possible the exact date of the lecture here. Will you please send us at once the tickets so that the Committee can go to work at once and dispose of as many as possible - Excuse haste
