An Excellent
Gov Carr,

Dear Sir

Your telegram reached me at Hickory, and the ladies at Stateville handed me some letters, but I don't think I got the one to which you referred. Owing to the close schedule, I did not reach Stateville in time to enquire for mail at the Post Office. My train was late and I had to rush to the State. I had to leave this morning before the office opened. If the letter gave notice of any change in my route, you had better wire me at Concord tomorrow.

Yours Very Respectfully
Full Miller
