My dear Sir:

I return bill with 6% allowance for lost time. Our 2nd term began Jan. 21, 1896. We do not usually deduct for lessons lost except for protracted sickness, as when I assign a pupil to a teacher, I have to pay the teacher whether the pupil continues or not. I can not fill a place except at the beginning & middle of a term.

I hope the corrected bill is satisfactory. If not please suggest what is needed to make it so.

Cordially & truly,
Yours &c,

Jas. Dinwiddie
