COLLECTION OF CLAIMS A SPECIALTY.

Raleigh, N. C., Aug 5; 1896.

Hon. Elias Carr,
Gov. of North Carolina,
Raleigh, N. C.

Dear Governor: In my conversation with you sometime since touching the qualifications of Mr. J. R. Place, as principal, of W. D. & B. Institution, I understood you to say, you would furnish the evidence, to be laid before the Board; and so soon as this was done, I would call a meeting of the same. I was somewhat surprised this morning, when Mr. Morson called to see me, and said; that in conversation with you, you asked him if I had called the board together. As I understood the matter, when I left you, you were to furnish the evidence, and I was to call the board together for them to act

upon the same. If any action is to be taken
about the matter, in my judgment, the contrary
the better. If you have perceived the evidence
I should esteem it a favor to let me know it;

With much respect, I am sir,

Very truly,

B. B. Moncure.
