Dear Uncle Elias

Your recd. I send  
you as requested the "Advance  
Catalogue" which I got from  
Walter Boyd. He only  
had one price list said  
he could not show that  
so you will have to write  
for one. The carriage I  
bought was no. 360. If  
you buy this carriage be sure  
to get it more roomy than  
mine. I should say about  
6 inches wider. This carriage  
cost \$135.00 full leather top -  
freight about \$10.00 - 5% discount.  
I am below on the Election

sure. Worse than I had  
any idea it could  
be. They have trace  
their own way & if  
we don't have prosperity  
for the next few years  
the Republicans alone will  
be responsible. And Mr.  
Bryan will make them  
account for it, & in  
my opinion will take  
the reins of the Government  
in his own hands, with  
not much trouble —

Now we will ever redeem  
the State I can't now see.  
<sup>unless</sup> If we can find another  
"Vance" — We are all well  
• hope that you are on also —  
With love to all. I am  
Yours truly  
W. K. Williams
