Cousin Elias:-

I enclose a statement below of my year's stewardship - I am sorry that each year somebody or something bites a hole in our money: this time it is a repair bill.

They netted us ————— \$105.62

I paid for repairs \$14.16 (

" " " taxes 11.43 / 25.59

Leaving a bal ~ \$80.03

Your half of this is \$40.02 for which amt I enclose CK. #291.

With regard, Yours truly

One word as to your little Miss  
Susie Watkins. Her people waited  
here 12 days after getting the passes  
before starting to Balto. This was for  
no reason & was in spite of my ur-  
gent appeals for their departure, warn-  
ing them that their passes would expire  
& protesting that should they expire un-  
der the circumstances neither you nor I  
must be appealed to for assistance  
or influence. Yesterday they sent a  
real urgent letter to me (to the old passes)  
telling me I must get them renewed.  
They may appeal to you. If so, I beg that  
you will refer the matter to me. They  
must not trouble you further. I do admit  
that I have enough of the old devil in me to  
rejoice at their discomfiture; for one

member of the family told me that  
I needn't trouble myself as he knew ex-  
actly how long they would keep her in  
Balto. some of his folks had gone on  
for an operation before; & one that  
he had sense enough to get his 30  
day passes renewed would surely  
not trouble me nor Gov. Co. But  
he is the man that suit in so urgently  
yesterday & I think will apply to you.  
If so don't help him. If you write  
him at all, write him to see me.
