

Pine Bluff N.C.

Jan. 15. 1897

My dear Governor Carr-

Referring to our conversation some time since I write to inquire whether your foreman can send me any Scuppernon layered vines, If so I should like two or three dozen (24 to 30 vines) to set out a small Governor Carr vineyard on my place.

If attention to this <sup>request</sup> matter causes you the least annoyance please let the matter pass out of your mind. But if a package is sent I should like it to come by express to Pine Bluff.

Do you know where I can buy a few Misch, James or Flowers well rooted vines.

I congratulate <sup>you</sup> upon having finished  
your term in that handsome  
mansion with its many anxieties  
and cares and upon your return  
to the quiet of Braclbridge Hall where  
I hope yourself and family may  
be very well.

I shall never forget your  
courtesy to me while you were  
in the public service. I wish I  
had some way of showing my  
appreciation of your kindness.

Please command my services  
at any time you may need them.

Yours faithfully

R. A. McCallister
