My dear Sir;

I have just finished reading your last message to the Legislature - and I feel impelled to write and express my very high appreciation of the same + of the several suggestions therein contained. ; and beg to be permitted as a citizen of the State, to say, that you have so demeaned yourself in your high office as to command the unbounded admiration and approval of the good citizens of the Commonwealth, irrespective of party - You leave the weighty matters of State into another's hand with the proud feeling that you have done the State great service and met every expectation + crisis -

With the greatest respect + esteem, I remain  
Yours most truly  
Wm H S Burgwyn
