

Newcastle N.C. Feb 11-1898

To Elias Carr

Old Spout N.C.

My dear Sir,

Your favour of the
10 Inst received, notwithstanding what is
about you to the to the two tents
of land. Little Walter is very
much better and I see no good
reason why he should not
entirely recover. Luke has changed
his home and his compensation
has been increased to \$15 per week,
\$1750 for your place not finally
ascertained. Mr. Magee thinks the
party might pay \$1500 Cash.
The sale of the Arrington place
for \$2000 has given every one

a poor opinion as to the value
of Waverton property.

Amesbury is offering his property
for \$1,300. The Rectory can be
bought for $\frac{1}{2}$ and I was
informed ^{10 days} that Mr. P. T. Thurgate
would sell his place for
\$1,500.

Very truly yours
Jacob Perkins

P.S.

Excuse me for having neglected
your land in Shocco and Fork
Townships; I think there must be
some mistake about the quantity
of land you have in Shocco and
Fork Townships. I was under
the impression that I sold
all the land you owned in

and if you have 165 acres then
please let me know where it
is located. The 175 acres in Fork
township was given to your
wife by Mrs Keamy. The taxes
on your Warrington property
was not been paid, I thought
Mr & I whole amount to that
matter. Magget & Hurdley draft
in your favour will be done
1st Apr and if you wish I
can pay that \$9.87. at that time
I was somewhat better but
not well. He has a family
from Boston boarding with
us. Will remain about one
month. Please report on the
land matter at once. If
there is a mistake I can get it
corrected. I think I can sell
the 175 acres in Fork township.
I can't locate the Shocco 165 acres
