Hon. Elias Carr,

Dear Sir:--

Some time ago I sent you a blank for you to fill out for the family history. I am trying to get a complete record of the Boddie history and all the branches, and I will appreciate it very much if you will fill out one of the enclosed blanks and send the other to some other member of the family. Please be so kind as to give me all the facts you know about the Boddies, Perrys, Crudups, Williams, and other names connected with the Boddie family.

I have had dozens of answers to my letters in the last few weeks, and I will appreciate it more than I can say, if you will tell me all about the family, as I think it strange that no book has ever been published for such a large and prominent family as ours.

Thanking you in advance for your trouble, I am
Yours truly,

J. B. Boddie
