

OFFICE OF
C. W. GRANDY & SONS,
COTTON FACTORS

Norfolk, Va. Dec 11th 1874.

Gov. Elias Carr -
Raleigh N.C.

Dear Sir:-

I send off 10th inst rec'd.
& we note what you say about sending
us other Collaterals, which is satisfactory
= to us. - We enclose you our
Check for £ 400/- Charged to the A/c of
Mess. Elias Carr & Son - as that is what
we have done heretofore. We suppose
that is all right. If not, let us know.

We quote Peanuts today as follows:
Common 1@1 $\frac{1}{4}$; Prime 1 $\frac{1}{2}$; Strictly
Prime 1 $\frac{7}{8}$; Fancy 2 @ 2 $\frac{1}{4}$.

We think it best to separate the dark
bad nuts, from the good bright ones -
of course they will sell for a better
price that way. We can't, however,
tell whether they will not bring a better
price that way - as we do not know
what you have to pay labor for doing
so. - We send you the Norfolk Journal of
Commerce every Friday, you will find in it
a full review of the Peanut & Cotton &c, market facts.
