Atlantic & North Carolina Railroad Company,

SUPERINTENDENT.

SUPERINTENDENT'S OFFICE,

New Bern, N. C., December 31st, 1894.

Mr. W. S. Chadwick,

Pres't A & N. C. R. R. Co.,

Newbern, N. C.

Dear Sir:-

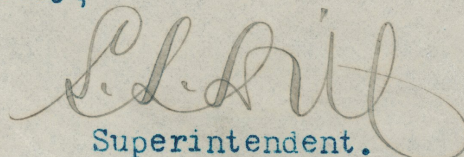

The actual cost of running the additional freight train between Newbern and Goldsboro, seems to be from the figures obtained from our Shops Department for one month service Viz:

Motive Power Etc.....	\$ 264.16
Conducting Transportation.....	<u>125.00</u>
Total.....	\$ 389.16

I think without doubt that the experiment of putting on this train up to Jany 1st, has paid the company, the traveling public and the patrons of the road are well pleased with this train but it is a question of doubt that it would pay after Jany 1st.

Respectfully submitted.

Yours truly,

Superintendent.
