Gov. E. Carr.

Dear Sir

I write
to you to ask you to help
me get my son Richard
in the R. R. Shops. I do
not know how to do so
and I thought your influ-
ence with Mr Bissett
Master Mechanic would
have some weight. I will
highly appreciate any thing
you can do for me in
regard to it. Richard
prefers R. R. work, he has
worked some in the oil

mill here, also on the yard
engines when not otherwise
employed, just to learn
how to fire, I desire to
get him in the R.R. Shops
so he can learn thoroughly
how to run a locomotive.

I hope you will pardon
the liberty I have taken
in calling on you but I
felt you would aid me
in the matter if you could
Hoping to hear from
you

I remain

Gov. Carr

Raleigh, N. C.

Dear Sir:

Will you be kind enough to write me at your convenience, giving me your father's given name, the name of your father's brothers and the name of your grandfather?

I am endeavoring to complete a "family tree" of the Carr family, and would be pleased to find that you're a member of the same branch as myself.

Enclosed find stamp for reply.

Yours truly

Daniel Carr.
