

LAW OFFICE OF  
JARVIS & BLOW,

Greenville, N.C., March 23 1895

My Dear Governor.

I was taken with the Grippe a few days after getting home and struggled with it in bed and out for two weeks. Just as I was getting the better of it the Gout struck me in the right foot and I was laid up with that for several days. I saw by the papers that you were ill and I said to my wife that I knew how to sympathize with you. I am up now and in fairly good condition. Mrs. Huntress has been very ill with Grippe followed by Pneumonia. We were very much alarmed about her for several days but, while she is still in bed, we hope she is out of all danger.

There never was such a legislature as the one which adjourned some days ago and I trust for the credit of my State the like of it will never be seen again. As a result of a piece of their fool legislation the Superior Court has been in session here for three weeks trying the question as to

The bonds of the Populist Sheriff were tendered to  
the Board of Commissioners last Dec. and  
by the Board rejected was a good bond or  
not. It will take another week to finish  
the trial.

I am glad to see the bold stand you  
have taken and I want to assure you  
that I shall at all times and everywhere  
do what I can to hold up your hands.

Most truly yours.

Thos. J. Jarvis

My Dear Sir,

I have received a letter from Gen. James D. Glenn asking me to recommend him to you for a Director in the North Carolina Rail Road Company. He tells me there is no Director in Guilford. I will say that I would be glad to see Glenn appointed if you can find a place for him in making up your board. I hope to see him in the next Legislature. He came near being elected to the last.

Truly Yours,

Thos. J. Jarvis
