

The Health, Sanitation & Climatology
of the
Southern States.

A quarterly journal
edited by
Walter C. Murphy, M.D.
Subscription \$4.00 per annum.

Washington, D.C., Apr 25 1895

To His Excellency
Elias Carr, Governor
of North Carolina

My dear Sir:-

My publication
was unexpectedly delayed. When
the time came to go to press
I found I could not publish all
the papers contributed. There was
a small paragraph in the latter
part of your paper omitted for
want of space but it did not
destroy the sense. I have heard
your paper, already, very much com-
plimented. If Boards of Health, Phy-
sicians and Sanitary organizations will
co-operate with the Department of
Sanitary Climatology of the U.S. govern-
ment much good to medical science
can be accomplished. Again thanking you
for your cooperation and aid, I remain
with sentiments of esteem Yours Very Truly, W.C. Murphy
