

HOTEL KENNON, [Governor Elias Carr,
B. H. GRIFFIN, Prop'r. Raleigh, N. C. - Personal]

Goldstone, N. C., June 18 1895

My Dear Governor:

I could not rest after hearing the rumor that you told me of last Saturday until I had written Judge Boykin. I have just received his reply and I quote from it literally:

"I cannot understand how the report mentioned by Gov. Carr came to be circulated. It is untrue. I shall content myself with a simple denial and would not dignify it to that extent, but that you will be better satisfied thereby."

These are the exact words and they are the God Almighty's truth.

That man never lies nor equivo-
cates. He is the incarnation of
honor and truth.

With best wishes, I remain

Faithfully Yours

R. F. Rogers
