Sept. , 1895.

Dear Gov. Carr;

No doubt but what you will be surprised to get such a letter as this from me but I feel as if it is my duty (and necessary) to write you about it. But first of all allow me to ask you not to speak of this to any one. Maama gave me her consent to write and ask you about this.

I am to be married the first of next year and I now write to you and ask if you can assist me by allowing me to have some little money or by getting

some things from the Morris love to you all. Will be  
L; and having them charged. glad to hear from you  
Of course I will be as economical immediately.

as possible & get as little as I  
can get a long with as I am  
faced to begin I can not  
afford to get much. I hope  
you can assist me and tell  
me exactly what to do about  
getting my clothes. Mama  
says she did not have the  
money to help me and for  
me to write and ask if you  
could help me. I will appre-  
ciate your kindness very  
much indeed if you can  
possibly make any arrange-  
ments to help me. Hope you  
can assist me at once. With

Yours Truly
