My dear Governor:

Allow me to thank you for the appointment, tendered me, and also for the selection of my successor. I fully appreciate the status of the case, which had not suggested itself to me before if so I would have tendered my resignation before. Mr. Farber was here yesterday and will accept and qualify himself for the position at once. I am under many obligations to you, both for the tendering me the reappointment and also for your wise selection of Mr. Farber. You could not have done better under any circumstances. Again thanking you I am as ever your true and sincere friend
