My Dear Governor.

On returning this morning from a ~~short~~
short absence I was pleased to find the map from you.
Thank you, I am very glad to have it, it is by far the
best map I have ever seen of that section of mountain
country. I trust that we may again meet on top of Roan,
It certainly was a very enjoyable time to me. Did you
recieve copies of the "American" which I sent you?

Wishing you all the good things that can come to mortals
here below & as few as possible of the discomforts

Yours Courteously.

Pitkin C. Wright
