His Excellency,
Gov Elias Carr

My Dear Gov:

I send you enclosed a letter which will
explain itself fully. and while it is written to
me confidentially it is in regard to a public
matter and so will explain the views of the
writer that I send it requesting that it shall
be confidential as far as we are concerned
personally, there is nothing in it of a confiden-
-tial character however some the name
of the writer - Mr Albee of Winston N.C.
It is a matter I know very little about
but I think the R.R. ought to give the
5000 money tickets and I suppose
any man you appoint to the Commission
wishes for or it I am

With sincere esteem

Very truly yrs &c
