### A Present for the Texas.

Austin, Texas, Nov. 13.—Governor Culberson to-day appointed a committee from different parts of the State to determine a plan of action by which the people of Texas may make a suitable presentation to the battleship Texas in recognition of the compliment paid the State by naming the vessel after it.

Dear Governor:—

The failure to date of Raleigh (or North Carolina) to do something of this sort in the case of the Cruiser Raleigh is much commented on here and, I suppose also, elsewhere. The movement in this direction of the Editor of the Southport Leader is not creditable to Raleigh, even should it succeed. With best wishes,

Very truly,  
F. B. Dancy
