vs.

November 27th 1895

My Dear Governor

I have been here for two days attending Court and I find that there is an election case pending over the Clerk's office which blocks the way to the trial of Civil causes. In order to get the case tried the local bar has asked for a special term to begin Dec 30th and continue till the business is disposed of.

Our friends desire Graham sent to hold it and I take the liberty to request that Graham be appointed. His appointment "file the case" and I hope he will be sent.

Truly

W. J. Jarvis
