Dear Cousin Elias,

I have bills and checks for services to date.

Please command me whenever I can serve you or yours further and accept thanks for the patronage which is, I assure you, highly appreciated.

The year just closed has been the best, financially, since I commenced the practice of dentistry and to my friends are indebted for a large part of the success that has attended upon my efforts.

Hope you are all well and that this new year will have for you the large measure of happiness I trust should be your portion.

Yours Sincerely,
Sid. P. Hilliard
