The Eastern Reflector, like all other papers, wants more subscribers, and in order to induce persons to get up a club we have the following liberal offer...

GET UP A CLUB

Local Reflections.

Teachers' Institute week. Quite a number of visitors in town this week. Cotton Seed Meal for sale at the Old Brick Store.

Superintendent Harding is a very busy man this week. Mr. R. Greene, Jr. left Friday for New York on business.

Mr. W. B. Greene made a trip to Newport News, Va., last week. Mrs. J. R. Walker, of Cary, is visiting her daughter, Mrs. A. D. Hunter.

Mr. C. W. Priddy left Monday for Keyville, Va. to see his brother who is very sick. Mr. W. B. Brown was recently north buying goods for his firm, Brown & Hooker.

Mr. C. T. Munford has moved into the Moore house, near Five Points, which he purchased some weeks ago. Miss Mollie House was summoned by telegraph to Tarboro, Monday, to see some of her people who were sick.

Mrs. Fannie Joyner has been north buying millinery goods for the coming spring and summer trade. She returned last night. Col. Harry Skinner left Monday to speak at several towns throughout the State. He is looming up considerably as a candidate for Governor.

The Reflector recently had some pleasant calls from Eld. Samuel Moore. He is one of the best men we know, and it is always a pleasure to converse with him. Mr. John H. Hanby, of Wilmington, passed through here last week on his way to Pictou and Washington looking after the building of depots at these places.

Mrs. Newton, mother of County Commissioner C. V. Newton, died at Falkland about ten days. She was about seventy-five years old, and a highly esteemed lady. Miss Ella King of Greenville, the model mould of model womanhood, all radiant and most bewitchingly attractive, for she has those entrancing charms and ennobling virtues which give royalty to her sex, is giving genuine delight to her host of admirers in Wilson.—Wilson Mirror.

The building of the dam from the north end of the river bridge out to high land now seems assured. Open your peepers wide and see what Lang has to say in his column space to-day. His store is full of new goods. This being the week of Teachers' Institute by request Rev. A. D. Hunter will deliver an educational sermon in the Baptist church to-night.

We have observed that it's the people who are the farthest from perfection themselves who expect perfection from everybody around them. The catch of shad increases which brings the price correspondingly lower. They have sold during the last few days at from forty to sixty cents a pair. Miss Nannie Cox has not yet recovered the money she lost two weeks ago. It is very evident that the person who picked it up possesses none of the attributes of honor.

A gentleman in town Monday wanted to subscribe to four leading weekly papers that cost \$1 each. Getting them through the Reflector Book Store should be saved just 45 cents. People should require what advantages we can give them before subscribing to any papers.

The big alligator that inhabits the pond just below the Five Points well came out for an airing the other day and came near catching a Town Councilman who happened to drift too near its lair. Better fill up or drain that pond, gentlemen, before something serious happens down there, or a colony of bull frogs take possession of it.

We regretted very much to learn of the unfortunate that befell Mr. Lafayette Cox, Contentment township, last Thursday. On that day his dwelling house and three adjacent buildings were destroyed by fire, together with his household furniture and clothing of himself and family. The fire occurred about 11 o'clock and caught from a stove fire taken from the roof of the cook room. The total loss amounts to about \$2,000 upon which there was no insurance. This loss falls heavily on Mr. Cox.

Both for \$1.50. The clubbing arrangement that the Reflector has made with the Atlanta Constitution, whereby both papers can be sent a year for the small sum of \$1.50, is only for a limited time. All who want to take advantage of this low offer for both papers should lose no time about it. This is the year that every voter should keep well posted as to what is occurring and the Reflector and Constitution are papers that will give you the desired information on passing events. Subscribe at once.

Guano Buyers Attention. I have now on hand and am receiving by every steamer large quantities of Obe's Special Tobacco Compound, Patapsco Guano and Pine Island Guano. You all know what these goods are. No guano ever sold in this county have made a better showing, and but few, if any, so good. I buy these goods very close. My experience in handling them are very small. I am satisfied with a small profit, and it stands to reason that I can sell you the same grade of goods as cheap or cheaper than any other man. Come and see me before you buy. It costs you nothing to get my prices and find out what I can do and if I can't save you money you can buy elsewhere just as easily as if you had never been to see me. G. R. HARRIS.

Teachers' Institute. The Teachers' Institute for Pitt county is now in progress in the Court House. Prof. E. A. Alderman is conducting it and his work gives the best satisfaction to the teachers and is very entertaining to the large number of visitors who attend the exercises at every session. The Institute was called to order at 11 o'clock Monday morning by County Superintendent H. Harding, who said that no great undertaking should be entered upon without Divine blessing and guidance first being invoked upon it, and he called upon Rev. G. F. Smith to open with religious exercises.

M. J. Harding then in a very neat and well read speech extended a welcome to the teachers and congratulated them that such a large number was present. He expressed gratitude to Superintendent H. Harding for the call of duty. He said that Greenville, in extending her characteristic hospitality, rejoiced in the cause of their coming together and recognized them not as pleasure seekers—though wishing them all possible enjoyment within her gates—but as truth seekers winning knowledge which she expects you to diffuse for the common weal. He closed by declaring the Teachers' Institute for Pitt county open for its legitimate business and rendered it to the conduct of Prof. Alderman. In assuming charge Prof. Alderman spoke of the pleasant recollections of his visit here two years ago on a similar mission, and of the pleasure it was to him to be once more with the teachers of Pitt county. He was exceedingly complimentary to the ladies for the beauty they had added to the room in its decorations with such a display of handsome pictures and works of art, which were alike refining and instructive to all who beheld them. He contrasted the difference of conducting an Institute amid such pleasant surroundings as these, and the miserable looking rooms he is carried into in some counties he has visited. After making the teachers a few minor questions to them gave an outline of the plan of work for the week.

In the afternoon his first topic was Teaching, followed by Organization and Government of the School, and then came a general lecture on Reading. Monday night Miss Jessie White recited a beautiful recitation, "Too Late," which was followed by an educational address from Col. I. A. Sugg.

Yesterday morning Prof. Alderman gave a lecture on the opening exercises of the school room, urging the teachers to devote a few minutes each morning to such exercises as will interest and attract the pupil, and make each one of them eager to be present at the opening hour. He made a very interesting talk on words, their power, form, meaning and use. He illustrated by giving some words with their origin and the history contained in them. Last night there were recitations by a representative class from the Institute, and an address by Mr. J. A. Fleming.

There will be no exercises to night. There will be no exercises in the various classes. Tomorrow night there will be an address by S. B. King, Esq., at 7 o'clock on Friday night by Mr. J. A. Fleming, besides recitations each night. The many beautiful pictures that adorn the walls are the work of Miss Mollie House and her art pupils. There are such excellent specimens among them.

In attempting to greet some of the friends attending the Institute, I was reminded of the fact that I had not yet seen in North Carolina in which to hold an Institute. Up to yesterday afternoon the number of teachers enrolled was 58. Of these 45 are females and 10 males. The Reflector intended publishing the names of all, together with the names of the persons whose guests they are, but find that we did not have sufficient space in this issue. The enrollment of teachers the first day was 46. Of this number 18 were present at the Institute conducted by Prof. Alderman two years ago; 28 hold first grade certificates; 12 of those present at the session two years ago have since married.

Friday morning Prof. Alderman will deliver an educational address that will be of interest to everybody, and to school committeemen especially. All who can should hear it. In apologizing for not having any music, Monday night, Maj. Harding said he had tried the vocal talents of Greenville and failed, he next tried to get string music and failed, but that he did not expect to be outdone and would have the boys with harps there last night. The boys were there, and the harps, too, and they made music that is music. Maj. Harding told Prof. Alderman Monday that during the last two years an epidemic had taken of several teachers of the county, which accounted for their not being present, the epidemic being matrimony. This leads the Reflector to remark that if a man goes up in the Court House to the clerk's group of Pitt county women, the sun ever shone on, and the matrimonial fever don't strike him promptly with both feet, he is either minus a heart or a pocket book, or both. To say the least "he's not in it."

To say that everybody is delighted with Prof. Alderman is expressing it very mildly. Space The Birds. The Reflector says: "The mocking birds have come." And what a pity there is no protection for them. For years and years the mocking birds built and raised their young in the plumb trees growing in my garden, as they did in the garden of a friend just opposite my home. When the English sparrows first came to this place they seemed to be afraid of them, and left off building in both gardens. I noticed the mocking birds grew scarcer and scarcer every year, until several seasons passed and I never heard a note from one of them. Last summer to my delight I heard several; one in particular used to come every evening, and perching in the top of a tall elm which grew in the yard, he sang his sweetest songs. One Sunday afternoon while this bird was singing his Sunday hymn a colored man shot him with one of those little air rifles, and gave him to my little grandson, who brought him in to me. Poor little bird! He was still warm, but his head hung drooping; I could scarcely keep from crying. I went out and asked the man why he had killed him, and he said, "jes for fun." Is there no way to keep the boys from robbing their nests this spring? Suppose the Superintendents of the Sunday Schools talk to the children about the cruelty of robbing birds' nests, and especially the robbing birds' nests. Many and many a night in the long years gone by while I have been watching all night by the sick bed of my children, have I listened to the songs of the mocking birds. They sing all night when we have moonlight nights. Suppose we try and get all the Sunday school children to promise they will not rob the birds. BRADY.

Sale of Land to Pay Debts. Pursuant to an order from the Superior Court of Pitt county, the undersigned will sell to the highest bidder, for cash, at the Court House, in Greenville, this county, at public auction, on Monday, the 4th day of April, 1892, the following described real estate, of which John Whitehurst died seized and possessed to-wit: 1. A tract of land lying on the north side of Grindel Creek in Retail township, Pitt county, State of North Carolina, adjoining the lands of J. M. Manning, Eusebius Matthews, John A. Manning, the Teel heirs and others, known as lots No. 6 and 7, in the lands of the late John Whitehurst, and being the land devised to B. D. Whitehurst, and B. R. Whitehurst in the will of the said John Whitehurst containing seventy-five acres, more or less. 2. The share of said tract of land devised and bequeathed to John A. Whitehurst by John Whitehurst, adjoining the land that James R. Whitehurst sold to William Ford, containing seventy-five acres, more or less. 3. The tract of land known as the share of the John Whitehurst land devised and bequeathed by him to Ann E. Carson, containing seventy-five acres, more or less, adjoining the land of John Whitehurst. 4. The share of said tract of land devised and bequeathed to W. A. Whitehurst by the will of John Whitehurst, containing seventy-five acres, more or less, adjoining the land of Ann E. Carson. This March 4th, 1892. D. B. C. T. AND JOHN WHITEHURST, Admrs. By J. H. JOHNSTON Atty.

TO THE PUBLIC. If you want to save Fifty Dollars in the purchase of a PIANO and from Ten to Fifteen Dollars in the purchase of an Organ address ADOLPH COHN, NEW BERNE, N. C. **Eucalypti**  
SIMP... CONSTRUCTION...  
Eucalypti is an instrument for  
Cure of Disease Without Medicine.

**THE COAL SUPPLY.**  
REV. THOMAS DIXON, JR. DISCUSSES  
IT IN HIS PRELUDE.

THE SERMON IS ON THE QUESTION OF HELL.  
Let us give emphasis to this sermon.  
Asked Tom to follow him through  
Love, Not Fear.

NEW YORK, March 13.—In his review  
of current events preceding the sermon  
in Association hall this morning Mr.  
Dixon discussed the question of the gov-  
ernmental control of the coal mines.

BASED ON NEW THEORIES OF THE CUR-  
and cure of disease, it deals with the  
electric and magnetic conditions of the  
body and the gas-surrounding it in the  
atmosphere, controlling these conditions  
until it is not electricity. DISEASE  
is simply impaired vitality. The Elec-  
troposit constantly adds to the vitality  
and cures disease in nature's way,  
to throw off the trouble.

Among the recent decisions of the su-  
preme court of the United States of far-  
reaching importance is the one affirming  
the legality of the grain elevator statute  
of New York. This law regulated the price  
of storing and storing grain. It was  
checked on the ground that such a regu-  
lation was an unconstitutional interfer-  
ence with private business. The su-  
preme court holds that any business  
affected with a public interest is subject  
to the regulation or control of the state,  
and that storing grain is a business of  
this kind.

A JUST DECISION.  
This is a diabolical progress in the his-  
tory of the world of government in the  
world's commerce. The supreme court  
has risen to the occasion of a new cen-  
tury's needs and rights in this just de-  
cision. We do not pretend to say that at  
a moment we believe that our fathers  
dreamed of such a law being possible  
under the constitution they made. Nei-  
ther did they dream of many other things  
that have come to pass of the necessities  
of a new life and a new civilization un-  
der that constitution. This principle, as  
affirmed by the highest judicial tribu-  
nal in the world, is the starting point of  
the social revolution toward which we  
are being driven with resistless power.  
There can possibly be no limitation to  
its application at last to every business  
that touches the public life linked either  
as cause or effect to the co-operative en-  
terprise of the community.

THE LINES OF HELL RUN INTO AND ARE  
A PART OF THIS EARTH. The difficulty about  
hell is that it is already here. To talk  
about going to hell is to talk about  
abolishing the present facts of every day  
life about us now. A brutal crime was  
committed in Arkansas the other day  
and the mob took the criminal and burned  
him alive in the nineteenth century!  
A few days ago a heartless villain seized  
a woman and her child and set them on  
a burning caldron of vitriol and held it  
there until the child's eyes were burned  
out. Hell is an awful fact. It is here  
now—today. A man asked me if I be-  
lieved in a personal devil. I certainly  
do. I believe in the evil that is in the  
heart of man, in the evil that is in the  
heart of the nation, in the evil that is in  
the heart of the world. I believe in the  
evil that is in the heart of the devil.

Philadelphia, Pa.

FALLURE OF PRIVATE CONTROL.  
More and more society is forced to  
pronounce the management of its public  
business by private power a failure and a  
menace to the life of the community.  
The national coal commission, which is  
a temporary and ineffectual make-  
shift between private ownership and ul-  
timate governmental control.

THE OWNERSHIP OF COAL MINES LIKEWISE  
as today with another serious  
problem to which this principle must  
be applied at last for a solution. Through  
the past generation the coal mines have  
been the storm centers of the labor world.  
Down in the darkness of the earth the  
strong have struggled with the weak,  
again and again the worm has turned  
and stung the oppressor. Strike has  
followed strike as these seasons have  
passed. In all these disastrous disputes  
and wars between mine owners and  
miners, the great outlying, overlooking  
stupid public has at last been robbed to  
pay the damages, and sometimes at the  
rate of two hundred cents on the dollar.  
The price of wages and the price of coal  
has been fixed by the sweet will of a  
handful of men answerable to nobody.

THE VIOLENCE OF HELL.  
At this time in England the people  
are threatened with a strike of nearly  
all the coal miners in the country to the  
enormous number of 400,000. Such a  
strike would mean the throwing out of  
employment of millions of men in other  
trades, and would cause the advance of  
the price of coal to be such as to par-  
alyze the great industries of the nation  
and bring untold suffering upon the  
poorer masses. The owners announced  
a reduction of wages—hence the strike.  
The owners say that the public has no  
right to pay for the mining. The miners  
say that they cannot live on lower  
wages. Somebody else. Who? No mat-  
ter who, the public must pay for it.

**CHRISTMAN'S  
OINTMENT**

THIS PREPARATION HAS BEEN IN USE OVER  
fifty years, and wherever known has  
been in steady demand. It has been  
lauded by the leading physicians of all  
countries, and has effected cures where  
all other remedies, with the attention  
of the most experienced physicians, have  
for years failed. This Ointment is a  
large ointment and the best remedy  
which has been obtained is owing entirely  
to its efficiency, as but few efforts have  
ever been made to bring it before the  
public. One bottle of this Ointment will  
be sent to any address on receipt of One  
Dollar. Sample box free. The insti-  
tution to Druggists. All Cash Orders  
promptly attended to. Address as usual,  
C. CHRISTMAN & SONS,

Philadelphia, Pa.

THE QUESTION OF HELL.  
Colonel Ingersoll said in his recent so-  
called Christmas sermon, over which the  
latest controversy has arisen, that  
"Christianity has filled the future with  
fear and flame." Is this true? I would  
say just here that it seems to me Colonel  
Ingersoll has really done the cause of  
true religion a service in the public as-  
saults he has made upon a certain con-  
ception of hell which was prevalent fifty  
years ago. I have no disposition to  
rob the colonel of this honor. I have  
read many things that he has said upon  
the subject, and in the main what I read  
seems to me to be true. I felt like as-  
senting with emphasis. Let us give the  
devil his dues. Let us give Colonel Ingersoll his dues.  
The prophet Baalam went upon a mis-  
sion to curse God's people; but instructed  
by the angel of God, he began to bless  
them. He began to deliver his curse; it was  
changed into a blessing.

THE QUESTION OF HELL.  
What did Christ teach? He taught the  
law of the harvest. "Whoever sows a man  
soweth, that shall he also reap." He  
taught that conduct is the key to char-  
acter, and that the principle of love to  
man and love to God through love to  
man is the supreme principle of the  
judgment. "Inasmuch as ye did it unto  
the least of these, ye did it unto me; enter."  
FURNACE OF THE UNBORN.

THE QUESTION OF HELL.  
The question of hell is a question of  
the law of the harvest. "Whoever sows  
a man soweth, that shall he also reap."  
He taught that conduct is the key to  
character, and that the principle of love  
to man and love to God through love to  
man is the supreme principle of the  
judgment. "Inasmuch as ye did it unto  
the least of these, ye did it unto me; enter."  
FURNACE OF THE UNBORN.

**Ho! What's This?**  
Why another new discovery by Alfred  
Culley in the way of helping the afflic-  
ted by pulling on or addressing the  
cure of many ills, better you can procure  
a bottle of Peppermint that is invaluable  
for eradicating and ridding causing the  
kisses hair to be perfectly soft and  
glossy, only two or three applications of  
brush is all to be made after rubbing the  
brush vigorously for a few minutes with  
the preparation. Try a bottle and be  
satisfied, only 20 cents.

Respectfully,  
**ALFRED CULLEY**  
Barber,  
GREENVILLE, N. C.

rob the colonel of this honor. I have  
read many things that he has said upon  
the subject, and in the main what I read  
seems to me to be true. I felt like as-  
senting with emphasis. Let us give the  
devil his dues. Let us give Colonel Ingersoll his dues.  
The prophet Baalam went upon a mis-  
sion to curse God's people; but instructed  
by the angel of God, he began to bless  
them. He began to deliver his curse; it was  
changed into a blessing.

THE QUESTION OF HELL.  
Colonel Ingersoll said in his recent so-  
called Christmas sermon, over which the  
latest controversy has arisen, that  
"Christianity has filled the future with  
fear and flame." Is this true? I would  
say just here that it seems to me Colonel  
Ingersoll has really done the cause of  
true religion a service in the public as-  
saults he has made upon a certain con-  
ception of hell which was prevalent fifty  
years ago. I have no disposition to  
rob the colonel of this honor. I have  
read many things that he has said upon  
the subject, and in the main what I read  
seems to me to be true. I felt like as-  
senting with emphasis. Let us give the
