WHAT DOES THIS MEAN?

Within the last month the immense business of King's Remedial Co. has been more than doubled and large orders are pouring in from all directions.

On February 20th L. Lyon & Co., of New Orleans gave them a cash order for seven thousand and two hundred bottles to be delivered at once.

It means: 1. That when such men as General Langstaff, General Turner, General Hubbard, Colonel Avery, Rev. W. G. E. Cunningham, Rev. J. B. Hawthorne and Rev. Sam Jones try a medicine and give it their unqualified indorsement the people believe them.

2. That Gernetzer has done all that his most ardent friends have declared that it would do.

3. That it has mastered La Grippe, Rheumatism, Dyspepsia, Nervous debility, Ischemia, Kidney troubles, Asthma, Summer complaints and Catarrh wherever it has been used.

4. That the discovery of Gernetzer is the most valuable contribution that this century has made to the human race. As a spring medicine it has no equal. It invigorates the stomach, aids digestion, tones up the system and brings health and happiness to all who use it.

Gernetzer is not a nauseous compound, but as pleasant to take as a glass of lemonade, the patient loves it and looks forward with pleasure to the time of taking it.

For sale at \$1.00 per bottle by all druggists. Manufactured by King's Remedial Co., ATLANTA, GA.

Dissolution. The firm of Congleton & Tyson was dissolved by mutual consent on the 1st of February.

The business referred to above will be continued by Congleton & Co., as the old firm.

THE SOUTH AT THE WORLD'S FAIR.

In its issue for last week the Manufacturer's Record, of Baltimore, makes this urgent appeal to the South to prepare for the World's Columbian Exposition:

"The display of apathy regarding preparations for the World's Columbian Exposition that is being manifested in several sections of the South is greatly to be lamented. In the absence of constitutional obstacles, the refusal of any Southern legislature to make liberal appropriation for State representation at Chicago is false economy of the most conspicuous kind. Neglect to make ample provision for this great event is a shortsighted policy that is sure to react in an injurious manner upon the whole South. The older industrial sections of the North are making liberal preparations for representation in the World's Fair, and the West is providing for the occasion with a wonderful display of prodigality. Money appropriated for this purpose does not indicate extravagance in any respect, but the indifferent policy that has been adopted by a few of the Southern States must be regarded as either parsimony or a failure to appreciate the importance of the opportunity."

"There is not, to our knowledge, any other use to which a reasonable appropriation could be devoted with better results than in the provision of a suitable exhibit of the resources and industries of any Southern State in this great exposition. Advertising is the life of industry in these days, and States that desire to attract attention and promote development might as well enclose their borders with a high fence as to neglect any good opportunity for making their advantages known to the world. The businessman who does not advertise confines his operations to a narrow field, and this rule applies equally well to a town, county or State. The World's Columbian Exposition is a huge advertising enterprise, and those who do not participate in it will feel the effects in an unfortunate manner."

"There is a peculiar necessity for the South to utilize this opportunity to the fullest possible extent. There are thousands of people in the North, in the West, in New England and across the ocean who have invested largely in various enterprises for furthering the development of the South. Nine out of every ten of such investors has never been in the South and will never visit that section of the country. They have read and heard much of the wonderful resources of the South, its rapidly growing industries, its mines, forests, mills and furnaces, and when they go to Chicago next year they will naturally expect to see a Southern exhibit proportioned to the wealth and resources of that section. They are fully justified in such an expectation, and the responsibility for fulfillment rests with the South—with each State as well as with individuals."

"We earnestly hope that all consideration of false economy will be set aside in this matter, and that all the Southern States will act in unison in providing for a liberal display at Chicago. It is not a matter of willingness or inclination, but of necessity—a necessity that is imperative. Let there be no delay, no differences of opinion as to plans, but let there be everywhere a united and determined effort to place the South on a equal footing with the entire world in the World's Columbian Exposition. We have no interest what over in this exposition apart from its bearing upon the South, but we fully appreciate the importance of the occasion, and warn the South not to let such an opportunity pass unheeded."

"In the present congress (lower house) there are solid democratic delegation from Alabama, Arkansas, Georgia, Louisiana, Maryland, Mississippi, Missouri, South Carolina, Texas, Virginia and West Virginia. Maine, South Dakota, and Vermont have solid Republican delegations. There are nine States with only one representative each; seven of these are Republicans and two Democrats. There are in the house 236 Democrats, 87 Republicans, 8 Farmers Alliance and 1 vacancy. The senate has 86 members."

ALLIANCE IN DANGER.

If the Third Party Secures a Following in the State This Year.

At the request of some friends in and out of the Alliance, and desiring to advance the best interests of the masses of the people of my native State, I write to give my views upon the Third Party which some over-zealous members of the Alliance talk about establishing in North Carolina. I am a member of the Alliance, ready at any time to advocate, defend and maintain the dignity as well as the demands of the order. I see great danger not only to the best interests of the State, but also to the Alliance in the suggestion of organizing an independent party. If a third party is formed in this State it will endeavor to draw a very large per cent of its vote from the Alliance. If a sufficient number of Alliance-men who have heretofore been Democrats and voted with the Democratic party, go off into and vote with the third party, it would bring ruin home to the people of North Carolina. Then instead of the Alliance bettering our condition it would pull us down, and carry us from bad to worse, to utter degradation and ruin. The aim and object of the Alliance is not to form political parties and fight political battles inside Alliance halls. To do that would bring discord, contention and division in the order, and be an injury to the Alliance cause, and in the end the Alliance would accomplish nothing. The Farmers' Alliance has come to stay. It is the greatest organization ever organized on the American continent. But the Alliance has not come to pull down or destroy or overthrow good government, but to amend f. o. m. time to time and restore good government. It has not come to make war and desolation in the land, but to make peace and restore the people to a much needed prosperity. It has not come to divide and go off into a third party that will be only a sensation and accomplish nothing. The Alliance favored and made a Railroad Commission in North Carolina that has saved thousands of dollars to the people in the way of taxes, freight and passenger traffic. Look at the House and Senate journals and see who voted for that bill. It will disclose who your friends are. Let all Democrats remain in the Democratic party, and whenever the Alliance makes a demand or a request, and our political friends oppose it, let us meet together in council and advise together for the best interest of the State and the country's good. I verily believe that our friends in the Democratic party who are not members of the Alliance will meet us more than half way. By taking this course we can accomplish much good. I have given the third party movement much thought. Besides, I have kept myself posted by reading one North Carolina daily and six weekly papers of all parties, Alliance and non-Alliance, and have seen no good reason advanced by any, how or in any way, a third party can bring about the relief the Alliance demands. This being so, I appeal to my brother Alliance-men in North Carolina who are Democrats to remain in the Democratic party, and advocate and press the Alliance demands. Go into the Democratic conventions. Contend for and fight for Alliance measures in a mild and conservative manner; vote the Democratic ticket, and I am sure good will be accomplished. And also I would say to the Democratic papers and to all Democrats as well, be mild and conservative in expressing opinions. A conservative and persuasive policy is apt to lead the masses and do good, but bitter railings do no good and those who employ them will lose their following. The people love to follow conservative men because they are apt to be safe men and apt to be right. So, I say to all Alliance and non-Alliance, let us work together in a conservative way and we will save the State in the coming contest. DAVID ALEXANDER.

"The cost of railroads in the United States has been nine billion dollars; they employ one million persons; an eight wheel passenger locomotive costs \$25,000, and a palace sleeping car \$15,000. There are 209,749 railroad bridges in the United States spanning 3,212 miles; the longest span is over the Hudson river at Poughkeepsie, with a span of 1,000 feet. The longest bridge in the world is the Bix Creek bridge in Ohio, with a span of 1,000 feet. A man spend more money in folly than would support his family in comfort and independence. **Personal.**  
 Miss Lillie Baker is visiting in Washington.  
 Misses Etta Harris and Lizzie Foley are visiting near Bethel.  
 Miss Estelle Lardoe, of Greene county, is visiting Mrs. J. S. Smith.  
 Miss Ella King returned home last week from a visit to her sister in Wilson.  
 Mrs. Walter Carstaphen, of Plymouth, has been spending some days with relatives here.  
 Mrs. Olen Warren, of Penny Hill, is visiting the family of her father, Mr. S. B. Wilson.  
 Miss Maggie Langley returned home last week from a visit to her sister in Washington.  
 Mrs. S. Quinerty, of Centreville, was last week visiting the family of her father Mr. W. M. King.  
 Sheriff Tucker and Mr. W. H. Smith went to Raleigh yesterday to take three prisoners to the penitentiary.  
 Rev. E. C. Glenn, of Elm City, is spending the week in town. His friends are glad to know that his health is improving.  
 Dr. Zeno Brown attended the launching of the Raleigh at Portsmouth, last Thursday, and spent a few days with friends in Virginia.  
 Our good friend Alex Heilbronner has been sick the past week, but we are glad to know he is improving. Everybody wants to see Alex out again.  
 Rev. H. H. Phelps, Evangelist for the Convocation of Edenton, will hold services in St. Paul's Episcopal church here next Sunday, morning and evening.  
 Mr. Waltham, agent for the Norfolk Virginia, was in town Saturday and Monday. The Virginia is a good paper and has many readers through this section.  
 Mr. Frank Wilson went north last week to purchase the spring stock for Young & Triddy. He is an excellent Judge of goods and will make good selections.  
 Don Gilliam, Esq., and Mr. J. L. Bridges, of Tarboro and Mr. J. H. Johnson, of Bethel, were at Pitt Court last week, besides those attorneys mentioned in last issue.  
 Prof. John Duckett, principal of Hamilton Institute, spent from Saturday evening to Monday morning with his friends in this place. He reports a good school at Hamilton.  
 Mrs. W. M. King fell out a door at the King House, some days ago, and was right painfully hurt. Her many friends will learn with pleasure that she is recovering from her injuries.

It is getting towards time for the merchants to again take up the early closing hour.  
 April coming in on Friday gives us five Fridays and Saturdays during the month.  
 An oyster boat came up last Friday. It had some nice ones, despite the warm weather.  
 The Journal reports the Sunday School convention in New Bern last week the best yet held.  
 Now you are "in it." Didn't pay your taxes so the Sheriff has you in his list of delinquents.  
 There was not so much wind in March, after all, and the month went out exceedingly lamb-like.  
 The finding of the \$80 lost by Miss Nannie Cox is evidence of some of the good a newspaper does.  
 Miss Mollie Rouse gave an art reception in Washington Friday night. Of course it was a success.  
 The Reflector thanks Mr. W. L. Brown, insurance agent for a supply of nice blotchers for office use.  
 W. C. Nelson, Town Tax Collector of Bethel, advertises a list of delinquent tax payers in the Reflector.  
 Only a short while now and commencement invitations will be occupying a good space in the mail pouches.  
 The Washington Gazette has the largest advertising patronage of any State weekly that comes to this office.  
 Moon shine again, so something like light to get along on the streets may be expected for a few nights at least.  
 Read C. T. Munford's new ad to-day. He is in Northern markets and on his return will make your eyes sparkle.  
 This is a good time to give the town a thorough cleaning up. Best not to wait until warm weather gets too far advanced.  
 It seems we only get a day or two of good weather at a time. What little comes is worked to good advantage by the farmers.  
 W. H. Harrington, Town Tax Collector of Greenville, advertises a list of those who are delinquent in their town taxes for last year.  
 It is not thought by the truckers that the stand of Irish potatoes will be good. Some planted six weeks ago are not yet up. The weather has been too cold and damp for them.  
 The large collard stalk which we mentioned last week as being brought us by Mr. Harrington, was raised by Mr. Jesse Brown near Falkland. It beats any collard stalk yet exhibited.  
 The lawn mower will soon be getting in its spring work. Cully & Edmonds are ready to use theirs on over-green heads. They can do you up in all right style at their fashionable emporium.  
 People have been known to let their last opportunity for becoming a Christian go by unimproved. Think of this as you attend the protracted services now in progress.  
 The Board of County Commissioners at their meeting Monday, decided to re-locate the dam until the first Monday in May for the construction of the dam from the north end of the bridge.  
 Griffon is to have a barrel factory, and Bethel is taking steps to get a knitting factory. Can Greenville afford to sit still and let the smaller towns of the county go ahead of her in manufacturing enterprises? It is time our people were waking up.  
 The civil docket kept the Court engaged up until Friday evening last week when it adjourned for the term. But few cases on the docket came up for a hearing, as several days were consumed in the case of Ward against the W. & W. R. H. The jury gave the plaintiff judgment for \$90.

**Personal.**  
 A few days more such weather as we have just had and the winter will go in search of the earth worm, and the two together with pole and line between them be after the small fish. Listen out for fall stories.  
 Quite a large number of Presbyterian ministers and delegates came in on the train Monday evening and took the boat for Washington yesterday morning to attend the Presbytery to be held in that town this week.  
 Mr. Allen Warren tells us that everything is in fine order at Riverside Nursery, and that they are preparing for a large trade this year. He also told us that a few days ago he received some carp to place in his hilly pond at the nursery.  
 Mr. J. Z. Brooks, of Griffon, was in town Saturday, and while on his way to the Reflector office told us that his firm, Hellen & Brooks, shipped seven car loads of shingles during the week. Their usual average is about a car load a week. Their large mill plan does not seem to have failed entirely and healthfully under its purifying effects, and my general health has greatly improved.  
 Mrs. S. T. Brown.

**THE CHANGING TEMPERATURE.**  
 To make things at the present prices you must use cheap fertilizers and Boykin & Carmer's Chemicals are the cheapest yet.  
 For sale by G. E. Harris, call on him before buying.  
 Judge Shepherd's Opinion.  
 Washington, N. C., June 16, 1892.  
 Mrs. Joe Person's Remedy has been used by a member of my family, and the result has been very beneficial. I believe it to be a good medicine.  
 JAS. E. SHEPHERD.  
 Mrs. Brown, the case alluded to in Judge Shepherd's testimony, says:  
 Washington, N. C., July 20, 1892.  
 It is with pleasure I add my grateful testimony to the host of witnesses who have attested the virtues of Mrs. Joe Person's great Remedy. After years of debility and suffering, it has proven to me the best of tonics and blood purifiers. An obstinate, irritable ulcer on my ankle, from which I suffered agony for years, seems to have faded entirely and healthfully under its purifying effects, and my general health has greatly improved.  
 Mrs. S. T. BROWN.

**OTHERS MAY FOLLOW.**  
 There is a great deal of satisfaction in leading and we are still in that position. Rivals attempt to follow our methods but find that we lead them a merry chase and they finally give it up or come to grief.  
 Elegance and durability, coupled with low prices, is what has placed our Shoes, Dry Goods and Notions in the lead.

**TO PLANTERS & SHIPPERS OF COTTON.**  
 THE COTTON MARKET is lower now than at any former period in about forty years; this has been brought about by the unprecedented movement of the crop since September last, and the large accumulation of cotton all over the world. Many believe we will see an improvement in prices later on in the season, when the movement must be necessarily light; and if any of our friends, who have cotton, would like to raise money on same and hold it longer, we are prepared to advance them \$20.00 to \$25.00 per bale and hold it until May or June if so desired.  
 Very truly,
