## An Announcement.

I am now ready to treat baldness. I have improved my preparation and have observed in the last ninety days that it will do what I claim for it. Partial baldness can be treated by the bottle and the patient can use it himself.

Total baldness I cannot treat myself. I invite correspondence in reference to treatment &c. Every one who tries my preparation will be thoroughly satisfied with results. We can refer you to a number of men here in this town as to its merits.

## A New Enterprise.

Wishing to thank our patrons for the liberal patronage they have given us in the different lines of our manufacturing, we also wish to let them know that we are building truck barrels for Potatoes and would be glad to furnish those in need of barrels. We think we can give good and well ventilated barrel as will be on the market or it has been so pronounced by those acquainted with truck barrels. We sell them for 25 cents each. In lots of 1000 barrels 22 cents. As we have no idea of the demand we would thank those wishing to buy barrels to place their orders with us as early as possible so we may have prepared timber to build the barrels when needed. Those who do not give any notice of their order may not get barrels on hand when they need them. We also prepare to furnish cotton planters or to do any repair work on them or furnish any repairs. Also we can furnish on short notice any trimmings for, jewelry, or anything in our line of manufacturing.

We would also call attention to our new style circular seat for churches. Please address C. & CARROLL, Winterville N. C.

## Luxury of Modern Railway Travel.

A recent trip over the Royal Blue Line, New York to Washington, and return, impressed the writer most strongly as to the wonderful possibilities regarding speed and luxury in railway travel in America. Having been in nearly every State in the Union and over a large part of Europe we are prepared to feel ourselves acquainted with railway transportation throughout the world, and in no way failing to recognize the splendid service furnished the public by the great railway lines of America, the writer believes that he is stating nothing too strongly in saying that in his judgment there is not a service in the world, which taken as a whole, will compare with the famous Royal Blue Line, composed of the Central Railroad of New Jersey, the Philadelphia and Reading and Baltimore and Ohio Railroads. Not only is the time made between these points, via this line, the quickest ever made between New York and Washington, but with a road bed that is simply perfect, and an equipment so luxurious as to leave nothing to be desired. It is, certainly, the finest service of any line in the world.

Every train via the Royal Blue Line is vestibuled from end to end, and consists not only of the most luxurious Pullman Palace Car Company, but also of palatial day coaches far superior to the parlor cars run on many lines, with smoking compartments fitted with comfortable seats. Although the service is so superior and the time so quick, no train is there any extra charges. To those who desire accommodations in the drawing room or sleeping cars only the regular additional charges are asked, and on all of the trains vestibuled day coaches are run open to the public without any extra charges whatever. The dining car service attached to the principal trains in keeping with the splendid character of the line's services and the cuisine equal to the best hotels of the country. It is no wonder that the Royal Blue Line has attained phenomenal popularity, and it has not attained its position by any other reason than that it is superior to any other service in the world for the fastest service in the world no additional charges of any description are required, it should receive, as it does, the endorsement and patronage of the public.—Christian Leader.

New Ordinances.

The town ordinances were issued from this office last week in pamphlet form and will be found on our first page. There are several new ones, one of which is to prohibit boys under fifteen staying out after 10 o'clock at night without permission of parents or guardians, and another to stop the selling of anything on Sunday except medicines, food and burial clothes.

Rats!

The City Fathers are having the market house thoroughly cleaned and renovated, and intend to put it in first-class condition. During the progress of the work the outsiders had a big time slaughtering rats, little rats, medium rats, and big rats, rats of all description and kinds. When the reporter left there they had killed about two hundred and were still slaughtering them.

Claims Settled.

We have just been shown by Mr. J. L. Sugg checks for \$300 covering entire damages on stock of carriage material, etc., of Mr. J. D. Williamson, resulting from the recent fire. Mr. Williamson was insured with Mr. Sugg in those justly popular companies, the Hamburg Bremen and Virginia Fire and Marine, and this claim was settled in thirteen days from date of fire.

Obituary.

Mrs. Mary A. Joyner (nee Mary A. Sugg) was born March 30, 1843, and died at the age of 48 years, 11 months and 18 days. She professed religion at twelve years old under the ministry of Rev. Paul J. Caraway on Snow Hill circuit, Greene County, and joined the M. E. Church South, where she ever remained a consistent Christian till death. She was a devoted wife, a kind and loving mother. She leaves a kind husband, six children and a host of friends to mourn their loss. She realized that her heart was affected and her desire was to pass away quietly some night after retiring, which she did on the night of her death. At about 11 o'clock the soul left the body, leaving under the face a pleasant smile, indicating that all was well. Our loss is her eternal gain, for she lived and died a consistent Christian. We extend our heartfelt sympathies to the bereaved family, and pray God's blessings upon them, and may they all live so as to meet mamma in Heaven, where she is waiting and watching at the beautiful gate to welcome them home. R. F. TAYLOR.

This should have appeared in our last but was crowded out.

Try Paris Green.

The potato beetle, says an exchange, as usual are with us, and are doing, or rather eating up not only the potatoes, but other plants. The best remedy that has yet been found is Paris Green. Mix a half ounce of Paris Green to a quart of flour and mix it on the vine before the dew dries off in the morning.

Ovation to our Next Governor.

Tarboro gave Elias Carr, Democratic nominee for Governor, a rousing reception upon his arrival from Charlotte Saturday. He was met at the train by the Edgecombe Guard, a large number of mounted men and a multitude of citizens in carriages and on foot. The town was decorated with red, white and blue, and along the line of march he was greeted with cheer after cheer from the throngs, ringing of bells, waving of flags and blowing of whistles. The school children lining the sidewalks literally filled the carriage in which he, Mayor Fountain and the editor of the Southerner were riding with flowers. He was escorted to the balcony of Hotel Farrar and introduced by Judge Phillips. In a short speech he thanked the people for the royal reception and promised if elected to be Governor of the people of North Carolina and not of any faction. Henry C. Bourne, the silver-tongued orator of the county, followed; then ex-Gov. Jarvis and J. J. Laughlinhouse. Jarvis' speech was a happy effort, and is yet being praised.

S. T. HOOKER, For Committee.

An Accident.

"Twas ever thus from childhood's hour, To see our fondest hopes decay. Blasted hopes! Yes, blasted! A party of young men hired a four-seat conveyance one day last week and were bent on taking a flying trip to Snow Hill. But, alas! it was not so ordained, for they had not reached the outskirts of the town before they encountered an obstacle that was not down on the programme, a kicking horse. That horse did kick, did it? Well, I should smile! He kicked first, last and all the time, and the last we saw of him he was kicking, and for what we know is kicking yet. To drive a kicking horse is a fine thing—you can't tell which end he is going to kick, and you can't tell when he is going to kick with first. We once drove a kicking horse, and if you will excuse us for that time we don't think we will ever drive another one if we know it. They were singly stored away in the vehicle when all on sudden one of the boys on the front seat saw something fly by his head and back again. Then two somethings went by his head, one on each side. He scrambled out, followed by the other three, knowing that one of the horses was doing the kicking act. When they got on the ground they found the kicker had kicked himself out of the harness and broke the tongue of the vehicle, and had hung himself up in the running gear. After cutting him loose and forcing his leg clear, he got up and made a bold effort to kick again, but he was too sore. One of the boys remarked that he thought that horse could kick the soda out of a biscuit and never break the crust. They discarded the kicker, secured a single conveyance and went on their way rejoicing.

Paoctous Points.

EDITOR REFLECTOR:—Since my last to you very little news has been a stir. The farmers that were behind in their work have about gotten up with their planting, and everything is looking propitious. Rice is coming up very poorly. Potatoes since the frost are doing nicely.

We were told by Mr. Peter Smith to-day that the railroad to Washington would be completed by the 10th and a schedule would go in effect on the 10th of this month. I guess Washingtonians are jubilant over its completion.

Paoctous has elected town officers—all Democrats, as only one ticket was out. Hope they will inaugurate a new order to make the place more quiet on Saturdays.

It seems as if Cupid has pierced the hearts of several Paoctous boys, but not deep enough yet to bind them with the hymeneal cords.

Paoctous has now a very good school, under the skillful management of Miss Ada Barwick, of Grifton.

Politics are much talked about and every man seems to have a candidate for some place or other. Well, let us hope that all may be satisfied and none disappointed. But, when I won't there have to be a lot of new officers to accommodate all those who are so, so anxious to serve the dear people in some way!

Mr. J. R. Davenport was the first to receive freight over the new road, it being a car load of western meat.

Many good wishes, Mr. Editor, for you, foreman and types, and may you long live and prosper with your newsy paper. Non.

For Over Quarter of a Century.

Travelers have recognized the Chicago & Alton the leading railroad in the West. The secret of this popularity with the traveling public is constant progress. Every device calculated to increase the "Alton's" superiority over every rival line, as well as to increase the safety of its patrons, finds a place as soon as its practicability is satisfactorily proven. The "Alton" is the best line between Chicago and Kansas City, Chicago and St. Louis, and Kansas City and St. Louis.

Refreshing Breeze.

Summer days are fast approaching and now is the time that excursionists, pleasure-seekers and sportsmen should figure out a route for their summer vacation. In doing so, the delightfully cool and invigorating atmosphere that is a part of the Wisconsin Central Times come vividly to view, among which are Fox Lake, Ill., Lake Villa, Ill., Milwaukee, Wisconsin, Cedar Lake, Wisconsin, Wausau, Wisconsin, Dutton and Ashland, Wis. Wisconsin has within the last five years become the center of attraction for more pleasure seekers, hunters and fishermen than any other state in the Union, and each visit increases the desire to again see the charming landscapes, breathe the invigorating atmosphere, wander through the colonnades of stately places and look at the splendid beauties with a hand made fly.
