Hon. R. B. Glenn, Democratic Elector for the State at Large, will speak at Falkland, Friday, Oct. 21st.
Bethel, Friday Oct. 28th.

It is said that David B. Hill is to speak in North Carolina during the present month, probably at Greensboro.

In Raleigh last Saturday morning, Mr. D. B. Ayers, a son-in-law of Gov. Fowle, committed suicide by cutting his throat.

The town of Clinton had a large fire last Thursday night, destroying several buildings, among them the office of the *Caucasian*, Marian Butler's paper.

The convention of the Democratic clubs of the United States was held in New York last week. There were 5,200 clubs represented. Mr. Cleveland delivered the address of welcome. Chauncey F. Black was re-elected President.

The utter folly of people expecting to accomplish anything by voting for Weaver—unless it is to help give Harrison another term as President—becomes more apparent every day. If in every State where Weaver Electors have been nominated they could be elected the whole number of them together would lack more than twenty electoral votes of being enough to make Weaver President.

It is plain enough that the candidacy of Weaver is merely a side show in the interest of Harrison, and it looks like thinking people ought to stop allowing themselves to be deluded by any such snare. There is no chance under the sun for Weaver to be elected, as he will be voted for only in the Southern and a few of the Western and Northwestern States. In many States such a thing as the People's party is unknown. The people of the South should not throw away their votes on it.

THE ATTEMPTED SALE.

There were developments in Republican quarters in this county on Saturday which indicate that the bosses of that party and the party itself are not working in harmony, and the result of it is being looked forward to with interest. It had been rumored for some time that the Republican bosses, who usually hold the negro vote under their thumb, had made an agreement with the Third party leaders of the county, by which the negro vote was to be sold out to them. There were also rumors of mutterings upon the negro side of the camp, because they wanted a ticket of their own and did not relish the idea of being sold out to the Third party like so many cattle. The developments on Saturday substantiated both of these rumors.

The proof of the first rumor was in the shape of a flaming spread-eagle circular of the Republican executive committee for Pitt county, which stated that at a meeting of the executive committee, six being present, the following proceedings were had:

"Whereas, your committee after thoroughly canvassing and consulting with prominent Republican leaders from every township in the county, as to whether a Republican county convention should be called to nominate Legislative and county tickets, therefore be it resolved, 1st: That your committee deem it unwise and inexpedient to call a county convention or to nominate candidates for the Legislature and the various county officers."

The "resolved 2nd" was an address to the Republicans that blowed a bit on "the election law and machinery in the hands of Democrats," and said that as the People's party candidates and platform favored the repeal of those things, "we earnestly request every Republican to support the People's party candidates in Pitt county for the Legislature and county officers."

This circular was simply the carrying out of the terms of sale to deliver the Republican vote of the county over to the Third party, and the proof that this was not done with the sanction of the party but only by a few of the bosses, (perhaps only the six who held that executive committee meeting) another circular came out containing "a call for a mass meeting of the Republicans of Pitt." This call contained the signatures of thirty-four Republicans, and said:

"The Republican executive committee being earnestly urged by all good Republicans to the so-called People's party, and in order to carry out their agreement to call a county convention of the party, we, the undersigned, being Republicans from principle, desire to preserve the organization of the grand old party which preserved the Union and gave freedom to millions of human beings earnestly urge all good Republicans to assemble in the Court House in Greenville, at 12 o'clock on Saturday, 15th day of October, for the purpose of nominating candidates for the Legislature and other county offices, and for organizing the party."

The spirit of this circular is identical with the feeling that prevailed in Florida and Georgia. The Republican leaders in both those States sold out to the Third party and would not put any ticket of their own in the field. The result of this was a revolt among the body of the Republicans, many of them voting the Democrat ticket in preference to being transferred to the Third party.

As said in the outset the result of the attempted sale in Pitt county will be watched with interest.

Have you heard from Georgia and Florida? How does the news suit you? "Where is the Third party at?" How about Democracy? How does the prospect of breaking the Solid South strike you? In both States there was a combination between the Third party and Republicans. Let them combine if such results are to follow.

We were told at Bethel last Thursday that during a speech which Mr. A. A. Forbes, a party candidate for the Senate, made in that town, he said "There are two ways to get reform—one is by the ballot and the other is by the bullet," and intimated if they could not get it one way they would have it the other. Can we understand Mr. Forbes to mean by this that if the people will not vote for Third party demands they are to be shot into submission to them? He must have been taking lessons from anarchist Ramsey, the whelp that lies about people and makes threats at them through the *Progressive Farmer*.

We print to-day two letters, one from Mr. Boone of Durham, and the other from Col. I. A. Sugg of Greenville, in reference to the Keeley Institute at Greensboro. The letters speak for themselves. All with whom we have talked who have been treated at this Institute endorse fully the contents of these two letters. We feel that in commending this treatment we are conferring a favor upon mankind. It is wonderful. We know of no one in this county, and there are a goodly number, who has taken the treatment who does not say that the cure is complete, and is earnest in praise of everything and everybody connected with the Institute.

GEORGIA AND FLORIDA.

The elections in Georgia and Florida are over and Democrats everywhere are much elated at the result. In both States the Republicans had endorsed the Third party tickets and though it was believed that the Democrats would carry both States yet there was some anxiety as to what strength the Third party would develop. We have the returns in now and are satisfied with them. In Florida the Democrats carried the State by twenty-five thousand majority. The Third party did not poll over five thousand votes in the whole State. A large number of negroes voted the Democratic ticket unsolicited.

The Democrats carried Georgia by seventy thousand majority. This is ten thousand more than the majority was for Cleveland in 1888. It would seem from this that the strength of the Third party lay in increasing the Democratic majority. It must also be remembered that the Republicans were aiding these fellows with all the strength they could command. Georgia is one of the strongest Alliance States in the South and the Third party had boasted that they would carry the State by a good majority. The result showed that most of the Alliancemen are still Democrats.

All would be well if it were not for the designing leaders who have gotten in the order for no other purpose than to advance self. The sooner the order rises itself of these fellows the better it will be for it. The agricultural portion of the State had almost been conceded to the Third party but when the returns commenced coming in it was seen that these sturdy patriots of toil were still faithful to the only party that has ever been friendly to them.

The farmers of North Carolina can now see that all the professions of the leaders of the Third party are false when they are endeavoring to make them believe that the southern farmers are leaving the Democratic party. The victory in Georgia especially will aid us very much in North Carolina. The white men who have heretofore been Democrats but have of late been wavering will now see that there is nothing in the Third party—that it will never be able to fulfill a single promise and in consequence they will come back heartily to their old faith and help get the much needed relief through the Democratic party. North Carolina feels like giving three cheers for Georgia and would say to her that we too will do as she has done on the 8th of November—bury beyond resurrection the Third party or radical aid society which is now boasting, and threatening and endeavoring to make it appear that they are the majority of creation.

There was only a small crowd at Bethel last Thursday, but those present had the pleasure of hearing two excellent speeches, the best that have been delivered there during the campaign. The first speaker was Hon. W. A. B. Branch, our nominee for Congress, who for nearly two hours talked good common sense to the people. He told them exactly what was the trouble with this country, the cause of the hard times and what was grinding the people poorer day by day. The enormous tariff robbery and huge pension frauds, that are draining the toiling masses to poverty, and the force bill, were discussed so plainly that the most unlearned could thoroughly understand.

He was followed by Hon. L. L. Smith, Democratic Elector for the First District. He also spoke upon the troubles that agitate the people and traced the cause of them directly to the Republican party. He showed from public records and former speeches of Weaver and other Third party leaders, that they had even said the Republicans were responsible for the evils that oppress us; and now these same men were abusing the Democratic and saying they were responsible for them, while there has not been a moment in twenty-seven years in which the Democratic party has had such control of every branch of the government that it could make or repeal a single law. He spoke at length upon Cleveland and compared his record with that of the other Presidential candidates.

After he had closed Mr. J. H. Barnhill, the young man whom the Third party has put up as its candidate for the Legislature in place of Mr. John Fleming, came forward and attempted to reply to both speeches. He talked for quite awhile but there was nothing in what he said. The only point he made was directly against his own party when he admitted that the Third party had one platform for the Western States and another for the Southern States.

The people around Bethel speak out their approval of the speeches of Messrs. Branch and Smith and say they have done much good for the Democracy.

The circulars sent out last Saturday from Republican county headquarters is strong evidence that the bosses have sold out the colored folks to the Third party and are now trying to "deliver the goods" by making the colored people vote solidly for the Third party ticket. It does not look like the colored folks are going to submit to such a sale of their ball—s, however.

The Eastern Warehouse is running a large force of graders, and grade for their customers when it is desired.

Greenville is your market and the Eastern Warehouse is the place to get high prices. Bring us a load of fine tobacco and be convinced.

Mr. J. W. Wiggins stood the absence from his girl as long as he could and run up to Rocky Mount Friday to see her.

Did you ever try Berger's Warehouse, Rocky Mount? Make them a trial of something fine and if they don't give you the best prices going the old man will eat the pie.

Nine large new tobacco factories are now going up in Winston. The tobacco industry has made that city what it is.

Say, where are you going? Right straight to Berger's Warehouse, Rocky Mount. What are you going there for? To sell my tobacco. They give top prices every time.

Grade out your tobacco and lay away some of the finest for the Rocky Mount Tobacco Exposition, Nov. 2nd, \$1,000 in gold will be given away as prizes.

On Aug. 11th, Cooper's Warehouse, Henderson, sold new primings for R. R. Carr at 4, 12, 15, 20, 25, 30, and for F. T. Carr at 4, 4.50, 6, 9, 10.50, 11, 15.75 and 20. Cooper can make just as good sales for you.

The warehouses had only one big break last week, on Tuesday. The other days the sales were light. Prices held up well and sellers were satisfied.

Everything about Harris, Gooch & Co.'s business is conducted strictly on business principles, they do what they say and they are surpassed by none. They do not run by gas or wind. Their motto is "money makes the mare go."

Mr. J. S. Jenkins went up to Wilson Saturday to spend a few days. Rumor said he was going after a partner, but we don't believe he brought her back with him.

Come on with your tobacco to Greenville and sell it at the Eastern Warehouse. Plenty of room, plenty of buyers, free stables, free storage, free insurance and high prices. If you want more than this? If so come on and we will satisfy you.

Pitt county took the leading prize at the Rocky Mount Tobacco Exposition last year and we want to see the same thing done this year. Get some fine tobacco ready.

Berger's Warehouse, Rocky Mount, is large, well lighted, has every accommodation for the farmer and every convenience for handling tobacco. Try them and you will be satisfied with the result.

A movement is about to be started among the South Carolina tobacco planters to form an insurance company whose specialty will be to insure tobacco against destruction by hail.

"Step up, gentlemen, and bid lively; this is Pitt tobacco, the best that's going. Give him 15, 20, oh, make it 25!" That is the kind of music you hear at Berger's Warehouse, Rocky Mount. Try them with a shipment of your best tobacco.

A pack of sharpers have settled down in Winston, and it is reported by the press that nearly one thousand persons in the State have been duped by brass watches and cabbage cigars.

Harris, Gooch & Co., of Henderson, N. C., are making a specialty of eastern tobaccos, and they have for several years past paid the best prices for eastern tobacco, as many will testify, though they pay for all alike. They do not consider it honest to pay a big talker two prices for his tobacco and get his poorer neighbors for nothing.

A new cigarette machine is now on the market and is known as the Pollard. It is owned by the International Cigarette Co., of Roanoke. The capacity of the machine is said to be 18,000 cigarettes in ten hours work and the cigarettes are made from a continuous roll.

Some of the best cures of tobacco are those made by men recommended by Harris, Gooch & Co., of Henderson, N. C. Their prices are always up with the market and their market up with any.

Mr. Ed. Regale, auctioneer for the Pioneer Warehouse at Tabor, was in Greenville Sunday to visit his brother Prof. W. H. Regale. Capt. Bob Hester, from Falkland, came down with him and showed him what this section can do in the line of raising fine tobacco.

The offerings on the market this season are composed largely of green tips, a comparatively worthless grade for which there is little demand. There is a good demand for bright tobacco and it does not fail to bring fancy prices. The farmers should take a lesson from this and let their aim with the next crop be quality and not quantity. It is the fine tobacco that gets the money every time.

Be sure that you read the advertisement of the second annual Tobacco Exposition at Rocky Mount. The cash premiums amount to \$1,000 in gold. We are betting on Pitt county winning some of the prizes. Go to looking over your tobacco and pick out the finest.

The Richmond tobacco paper is not well posted on tobacco statistics in North Carolina. In giving a list of markets and the amount sold it omits such places as Statesville, Greensboro, Mt. Airy, Reidsville, Roxboro, Burlington, etc., as minor markets. The Winston sales are put down as 10,000,000 pounds when in reality they were over 16,000,000 pounds last year. The whole table is incorrect and it brother Dilrell does not know any more about the North Carolina markets than this he has best not mention them at all.—Winston Tobacco Journal.

Some four years ago this paper ventured the assertion in these pages that Eastern Carolina would soon become largely interested in growing tobacco. At the time no one believed what we said and many scoffed at the idea of a flat cotton country producing tobacco. Since that prediction of the Journal, Louisville, Rocky Mount, Wilson, Tarboro and Greenville have all become wide awake markets and the tobacco grown in that new territory will this year reach fully 12,000,000 pounds.—Winston Tobacco Journal.

And This is True.

We want, in the early inception of this paper, to distinctly state that the pin-hookers are for the most part, frauds and miserable creatures who have no business to exist.

They simply are the three-card monte men to legitimate business, and they should not be tolerated.

The pin-hooker is one that thrives upon sales and bargains which are not legitimate, and he should be chased out of all communities.

He is a creature who has not the honest nerve and business tact to deal openly with the other buyers, and this is enough evidence that he is not offering a square deal.

He has no warehouse and he makes a guess. He does not give legitimate buyers a chance—he simply is in the way of those things which the respectable trade call honesty.

Avoid the pin-hooker as you would the pestilential cholera, because he is in for all he can steal, and ten to one he has no financial, moral or any other kind of standing.

The warehouses, in all towns, are the place for you.—Durham Tobacco Place.

HENDERSON MARKET.

Reported by Owen Davis, Manager Davis Warehouse.

MARKET QUOTATIONS.

Market active. Breaks heavy during the past week. Prices generally very satisfactory to sellers. Wrappers are almost strangers on our breaks and whenever they are seen go like "hot cakes on a circus day," at high prices. Board of Trade met to-day and re-elected old officers. It was agreed to have it incorporated at once. Our boys and Henderson especially are determined not to be led, but to lead.

Headquarters for Big Prices High Averages

We are still doing business at the same old stand, where we are better prepared than ever before to handle to advantage the fine bright Tobacco from the "New Golden Belt." We have a very large stock of buyers who are anxious for New Tobacco and are willing to pay good prices for it. "Eastern Tobacco" stands well on our market and is eagerly sought after both by our order men and speculators. We are very glad that we can say to the "honest yeomanry" of Pitt and adjoining counties that tobacco has "started off" better this year than we have known it in several years and that we look for good prices during the season. Households can be had FREE OF CHARGE by those planters shipping to us, by applying to S. M. Schultz & Co., Greenville, N. C., or to Amos G. Cox, Winterville, N. C. Remember that we bid lively on every pile put upon our floor and buy largely of all grade leaf that we sell, and will see to it that you shall have the highest market price for every pound sold with us. Recollect that it costs you nothing to collect our checks as the are payable in New York Exchange without cost to holder. Don't forget to try a pack with a good shipment and we will convince you that we are "hustlers from way back" and that we "get there" every time on big prices and you know they talk. Will have your tobacco graded for you in our house by skilled hands at \$1.00 per 100.

Thanking our friends for the very liberal patronage bestowed upon us in the past and pledging them our very best efforts to please them in the future, we are with best wishes,

BULLOCK & MITCHELL,

NOTICE.—Land Sale.

By virtue of a Deed of Trust executed to me by James E. Bullock and wife, Talitha Bullock, on the 13th day of October, 1890, and duly recorded in the office of the Register of Deeds of Pitt county, in Book 125, pages 306 and 307, I will sell for cash to the highest bidder at the Court House door in Greenville, on Monday, the 7th day of November, 1892, a certain tract of land lying and being in Pitt county, and more particularly described in said Deed of Trust.

This 4th day of October, 1892.

W. J. E. BULLOCK, Trustee.

New Barber Shop.

I take this opportunity to return thanks to my many customers who have given me their liberal support in the past. I have opened a new shop in the old Club House and would respectfully solicit a continuation of my former patronage.

I will assure all that they shall receive every attention besides getting the best shave and hair cut in town. All I ask is a trial. Satisfaction guaranteed. All of the latest improvements in the ton-

right art will be in use in my shop.
