

DOLLARS AND SENSE! Brain and Bullion

are the wheels upon which rest
and run the business of the
world. Some have one,
some the other, and on

both. Not to
take the trouble
to see and buy our
bargains is to prove one
of the three things: * * *

Either you have the sense with-
out the dollars, or—
The dollars without the sense, or
Neither the dollars nor the sense.

BRIGHT SPARKS.
Building and Loan.
Two Building and Loan Association
agents visited Greenville last week
trying to get local branches estab-
lished here. The REFLECTOR is an advocate
of Building and Loan Associations, but
believes four people wish to get the
most benefit from one they should estab-
lish a home association. The experi-
ence this town has had with outside
associations in the past has been de-
cidedly unsatisfactory. A home associ-
ation is what is needed.

Died.
Another home in our community has
been saddened by a visitation of the
Death Angel and sorrowing parents
mourn the loss of a precious
babe. Last Friday morning little
Lucille, infant daughter of Mr. and Mrs.
W. J. Howell aged fifteen months, died
after a brief illness of only two days.
The remains were interred in Cherry
Hill at 2 o'clock Saturday afternoon,
funeral services conducted by Rev. G.
F. Smith. The pall bearers were Messrs.
W. L. Brown, J. S. Conzelmann, Henry
Sheppard and J. F. Speight. May the
Heavenly Father comfort the bereaved
ones.

TAXES—Important Dates.

the same at once, and I hope every
body who has not paid the same will
meet me and do so. Those who prefer
will find me in my office in the Court
House, they can settle with me provid-
ed they come in the month of October:

THE REFLECTOR. Local Reflections.

A CARD.—On account of our selling
out our entire stock of Merchandise at
cost, a good many people are under the
impression that we have stopped buying
Cotton, Peanuts and Rice. That is a
mistake. We are still buying these
things, and it will pay you to see us
before you sell your Cotton, Peanuts or
Rice elsewhere. We want them and
will pay you the highest market price
for them. **YOUNG & PRIDY.**

house of Henderson and will be glad to

lieving that Coopers' Warehouse is the

J. B. Cherry & Co. give our readers
their fall announcement to-day. This
enterprising firm has built up a business
strictly upon merit, and it stands as a
monument to their energy and is the
pride of the community. Such an es-
tablishment as theirs is an honor to the
town. Shoddy methods and traps to
catch customers are unknown to them,
as they sell goods strictly upon value—
a dollar's worth for a dollar. Look
through the splendid line they carry—
which is the largest in town—and you
will be convinced of what we say.
They invite examination and com-
parison.

Personal.
Mrs. E. A. Moyer is quite sick.
Mr. H. F. Keel left this morning for
Henderson.
Mrs. J. S. Conzelmann left Monday to

Miss Winnie Briley, of Martin county,
was visiting Mrs. C. Stephens last week.
Miss Minnie Caraway, of Halifax,
spent from Friday to Monday here vis-
iting Mrs. Chas. Skinner.

Capt. R. O. Whitaker was here yes-
terday, as smiling and jolly as when he
used to punch tickets.

While returning from the country one
day last week the horse Dr. Charles
Laughinghouse was driving ran away
and threw him out of the buggy. His
back was painfully hurt in the fall and
he has been confined to his room a few
days.

Mr. Sol. Henley, formerly of Phila-
delphia, but now of California and Mrs.
Sedner, of Norfolk, Va., spent a few
days of the past week here with Mr. and
Mrs. M. R. Lang and left Monday. Mrs.
Sedner was Miss Rosa Lounchheim be-
fore marriage, and visited here some
years ago.

False Report.

Our neighbor town, Washington, was
very much excited over a report that
reached there last Thursday, that a re-
fugee from Brunswick, Ga., had died at
Williamston of yellow fever. Dr. Tay-
lor, Superintendent of Health, of Beau-
fort county, telegraphed to Dr. Harrell
at Williamston in reference to the mat-
ter, and received the reply that there
was no yellow fever in Williamston.

Our Correspondents.

The REFLECTOR now has several
good correspondents writing items regu-
larly from different localities, and they
contribute much to the newness of the
paper. We would like also to have a
correspondent at Falkland, at Farmville
and at Pate's and at Grimesland, and
would be glad for any one from either
of those sections who can furnish items
call on us the next time they are in
Greenville.

Fire in Washington.

At Washington last Friday night the
Eastern Carolina Dispatch Co's ware-
house and contents was destroyed by
fire. There were several merchants
having goods in the building at the time
of the fire. Williams & Taylor, repre-
sentatives of the Armour & Co., of
Chicago, lost \$1,600 worth of goods; G.
A. Phillips lost 125 barrels of flour, and
others sustained smaller losses. The
total loss is estimated at \$15,000 which
was only partially covered by insurance.

Help is Asked.

Greenville ought to do something for
the yellow fever sufferers at Brunswick,
Ga. Under a rigid quarantine people
are kept there at the muzzle of a gun
and many of them are at the point of
starvation for lack of food. Our people
here are usually very generous and
ready to respond to an appeal for help.
If any one wishes to make a cash dona-
tion for the Brunswick sufferers they
can have it at the REFLECTOR office
where it will be duly acknowledged and
forwarded.

Murder in Beaufort County.

One day last week Sheriff R. W. King
received a telegram from Sheriff R. T.
Hodges, at Washington, to arrest Emu-
el Slade, colored for murder. Slade
had killed his wife the night before.
They had been separated for three weeks,
and about 7 o'clock that evening Slade
went to the house where his wife was
staying and tried to persuade her to go
back home with him. She refused to go,
when he picked up an axe and struck
her a blow on the back of the neck that
so near severed the head from the body
that it hung only by a piece of skin
under the throat. The murder occurred
twelve miles in the country, and Slade
was seen to pass through Washington
early next morning before news of the
horrible affair reached there.

Our Tobacco Market.

The tobacco growers of Pitt county
are certainly very much in their own
light when they sell their best tobacco
at home to these men going from farm
to farm trying to buy wrappers and
bright tobacco. Some farmers listen to
the offers made by the traveling buyer,
let him have their good tobacco and are
left with all their common stock on
hand. Then when they go to sell their
common stock they can get nothing
hardly for it. If a farmer desires to get
a good average for his crop, and all do,
he should by all means save his good
tobacco to sell with the common. Sell-
ing off the best grades at home as we
have indicated above proves not only a
loss to the farmer in the end, but it is
treating the home market very unfairly
and unjustly. Some men who have
privately sold off the best bring the
common grades to market and because
they do not make as good averages as
the men who sell their crop through on
the warehouse floor are ready to com-
plain of the warehouses and of the
market, when if they had brought any
tobacco worth anything it would have
brought as much money as their neigh-
bors.

Every tobacco planter in the county
ought to be interested in the Greenville
market. Many of them no doubt re-
member that before any market was
established here they had to ship their
tobacco away, and not being familiar
with the sales they were entirely at the
mercy of the warehouses to which they
shipped. Some of them paid dearly for
this kind of experience too. This kind
of trouble is obviated in the home market.
They can see their tobacco sold and
know just what it is bringing, and can
take it up if not satisfied. Greenville
can certainly pay just as much for to-
bacco as any other market. There is
as good a corps of buyers here as can
be found anywhere they have found out
that this county makes the tobacco they
want and they have come here to your
home market for it. If the planter
wants the home market sustained he
should stand faithfully by it. The
Reflector urges every planter in Pitt
county to sell his tobacco on the Green-
ville market.

That Pic-nic.
The Third party pic-nic at Pollard's
Mill on Tuesday of last week was
considerable of a disappointment to its
projectors in point of attendance. As
far back as during our last court the
"chiefs" were seen putting large
posters in the hands of some of "the
faithful" and from then on to the pic-
nic was worked both by advertising and
drumming for all it was worth. The
figure for the prospective attendance
was set anywhere from 2,500 up, and to
hear some talking about it one could
have imagined that there would not be
room for the crowd—unless the mill-
pond was moved out of the way. The
day arrived and the crowd—well, it did
not turn up in any such number as had
been hoped and worked for. The high-
est estimate we have heard placed upon
the attendance is 700, while some said
they believed 500 would include every-
body there. Taking even the highest
estimate and deducting the number of
staunch Democrats and ladies present
(more than half) and the Third party
contingency dwindles down to almost
insignificant proportions. Marian But-
ler and Harry Skinner were both on
the programme for speeches, but Butler
tried to monopolize things and held the
floor for three-and-a-half hours. He
waded neck-deep in a corporation law-
yers' too, and put it on so thick as to set
to flight all the Colonels enthusiasm for
a speech, notwithstanding he was lead-
ed and called. It rather looked like
Butler was jealous of Skinner and did
not want him to speak. The ex-Rev.
Babb, from across the sound, was there
and talked some, but left off telling
when or where he commenced re-
fawmin'.
