Pops, are Withdrawing.

Cheering Democratic news comes from Stokes county. All but two of the Third party candidates have withdrawn in favor of the Democrats. The two left are candidates for the Legislature and county treasurer. Both were formerly good Democrats. It is believed that they will pull out. The candidates who came down say the Populist party was getting too close to the Republicans who only want to use the Third party as the tool to get in office. Marion Butler Ventilated. A correspondent at Wilkesboro, writing to the Charlotte Observer, quotes Mr. H. L. Greene as saying in one of his political speeches a few days ago: "Gentlemen, do you want to know who you are following? You are following a man who nine years ago swore to a libel, and afterwards hired a friend of his to steal the paper out of the society library at Chapel Hill, in order that he might save himself from public condemnation. This is the kind of a man you honest Populists and Republicans are allowing to lead you in the contest against the Democratic party. Such a man is Mr. Marion Butler." The above question of Mr. Green can be substantiated by as good men as there are in the State of North Carolina.—Ex.

WHY FUSION HAS NOT FUSED

1. It has been engineered on the part of the Republicans by Jeter Pritchard, who tried to organize a "white Republican party in North Carolina." Dr. Mott who wanted to drive out the negroes and have "a respectable Republican party in the State," and by Judge Russell, who said the negroes were no more entitled to vote than the savages in Africa, and on the part of the Populists by Marion Butler, who was fond of saying in his paper, the Caucasian, that the white men made this government and had a right to control it, Buck Kitchin whose friendship and kind words about the negro are known of all men, and S. Otho Wilson who is rightly distrusted by every negro with whom he ever had dealings. These are the six men who are at the head of the fusion movement and who will reap all the rewards if it succeeds. Is it surprising that a large number of negroes, who have enjoyed the advantages of public schools, refuse to assist in the success of men who have devoted a life-time to abusing their race, not one of whom has ever turned over his hand to help their education or material progress? Evidences multiply that negroes who have self-respect will not stultify themselves by pulling chestnuts out of the fire for the men who are their worst enemies in all parties. 2. In Wilson county the colored Republicans held a meeting and denounced fusion. The Wilson Advance thus tells how a negro had fun at the expense of a Populist: At the Republican mass meeting last Saturday A. W. Jones, the negro orator of Wilson, got off a good joke on Mr. Grice, a Populist of this county. He said that he attended a great panorama, in which he saw acted the history of the parties for the last two years. He saw Mr. Cleveland come upon the stage and announce his intention of purifying the Democratic party of bribes and ballot-box stuffers. He had a large sifter in which he poured the broken elements of the party and he and Mr. Carlisle commenced the sifting. The whole party stood the test except Mr. Grice. He dropped out. Mr. Grice is the man who, in a Populist convention some time ago, stated that he had bought negro votes. Jones, speech was highly sensational. 3. In Murfreesboro the Populists held a meeting, and the Index replied that Walter Reynolds said to John F. Newsome and Jos. T. Griffith in this strain and utterly demoralized the Pops who are begging for negro votes: "I had been a member of the People's party and intended to vote that ticket, but the speeches I have heard this afternoon have convinced me that the People's party is made out of thieves that

came from the Democratic party. If they were thieves in the Democratic party, they will likewise be thieves in the Peoples' party, and I cannot support any such men. No, fellow citizens, the Peoples' party will not do. It is like the forbidden fruit with which the devil tempted our first parents and caused them to fall. If we go into that party, our party, the Republican, will fall to pieces and we will have no voice in this government. Have nothing to do with the Peoples' party." 4. The colored Republicans of Beaufort county held a meeting a few days ago in which they passed resolutions denouncing fusion. We quote: "Whereas we, the Republican voters of Beaufort county in convention assembled, do after full investigation find and conclude: That whereas the chairman of our county executive committee failed to call a convention of the Republican party, alleging, as he stated, that he believed that the party known as the 'People's party,' now asking our support in the coming election, was by misrepresentations trying to procure the endorsement and support of our party, posing as our friend, claiming and promising, and only in secret advocating the change of the present system of county government, which promise and pledge was inconsistent with the action of that party in its convention at Raleigh which passed upon that question, and withdrew that plank from its platform. It now further appearing to this convention that the People's party are advocating measures such as the Australian ballot system, which would disfranchise three-fourths of the colored voters of our State. Its advocacy of the levy and division of the school taxes, which would deprive the children of the colored race of about nine-tenths of the funds now appropriated to them yearly. They closed by resolving to oppose 'all parties whose platforms are contrary to the principles of the Republican party, and hence we cannot and will not affiliate with the Peoples' party.'" These are the four reasons why many self-respecting negroes will refuse to support the Fusion ticket. The nomination of Jim Young will help fusion some in Wake, but many intelligent negroes in the East will stay at home or vote for their Democratic friends. There are more who will do this than the politicians of any party dream about. They are men who cannot be bought or deceived. They are Republicans who refuse to be led by the nose by their worst enemies. They are quiet, but election day will cause enthusiastic Fusionists to open their eyes. We know what we are talking about.—Raleigh News & Observer.

THE SOUTH BECOMING BETTER KNOWN IN THE WEST.

The following extracts are from a letter written by an Iowa real estate and immigration agency in the South. The latter sent the letter to the Southern States magazine, of Baltimore, Md., with permission to use such parts of it as did not relate to private business matter: "I am not a believer in special providences, but there seem to be events on all sides which tend to drive immigration to the South. The West is compelled to change its methods of agriculture, placing no dependence whatever in rainfall, and the irrigating ditch is too limited to accommodate the public generally. * * * Then, again, the terrible drought throughout the Northwest coming upon us just at the time that there is so much agitation in manufacturing communities and strikes, that men who have never thought of resorting to farming are now seriously considering the necessity of tilling the soil and owning a home, so as to be independent of the common master, capital, in others' hands. Then, again, climate and cheap lands are two most potent incentives. * * * "The logically-minded men are now amazed at their past stupidity, and are only beginning to wonder why they did not consider the reason. * * * "I always knew these facts, but did not think; know it now, but find it a task to interest the people because of life-time habit and teaching. I am, however, glad to notice how rapidly things are changing. The circulation of the Southern States magazine is awakening an interest which will never cease until thousands know the facts as they exist. To-day I met an intelligent farmer to whom I have been handing my copy of the Southern States magazine. He says to me: "When you first commenced giving me this magazine I merely read, here and there, a line or short article, but recently I have read every word, and I tell you, sir, 'Southward the Star of Empire will take its way.' I want to know when you are going to make your trip South; will go with you." Mr. Archibald Brady, ex-postmaster of Charlotte, and a good Republican, has this to say of fusion: "I shall vote for Republicans wherever they are put up, if they are good men. I think fusion is the worst possible disaster that could have befallen the Republican party, and some more of them will think so with me before many more weeks roll around. But when my party goes outside and takes up men from other ranks, it leaves me the right to go outside, and so I shall exercise the right of the free American citizen and vote for whoever I please. That's here I stand."

THE REFLECTOR.
Greenville, N. C.

D. J. WHITCHARD, Editor and Proprietor

WEDNESDAY, NOVEMBER 7th 1894

Entered at the postoffice at Greenville, N. C., as second-class mail matter.

After getting out the last issue of the REFLECTOR we concluded, as there was still much good work that could be done in the few remaining days of the campaign, to send out another issue before the election, hence this copy goes ahead of the regular publication day. It has required considerable work to do this, but we don't mind the work when the Democratic party is to be benefited thereby. Now we ask that you look over this issue carefully and do all you can for the success of the ticket on Tuesday. It will be noticed that this paper is dated the usual day of publication, so you need not look for another on Wednesday morning, but as soon as the returns are in so that a correct result of the election can be ascertained we will issue a small extra giving the news and letting you know how large the Democratic majority is in the county, district and State.

HOW TO VOTE.

Vote for F. G. James for the Senate.

Vote for J. D. Cox and S. M. Jones for the House of Representatives.

Vote for Willis R. Williams for Superior Court Clerk.

Vote for R. W. King for Sheriff.

Vote for Henry Harding for Register of Deeds.

Vote for John Flanagan for Treasurer.

Vote for Dr. Laughinghouse for Coroner.

Vote for J. B. Kilpatrick for Surveyor.

Vote for the Democratic candidate for Constable in your township.

Vote for W. A. B. Branch for Congress.

Vote for John E. Woodard for Solicitor.

Vote for S. McD. Tate for State Treasurer.

Vote for the Democratic Judges for both the Supreme and Superior Courts.

In fact and in short, vote the straight Democratic ticket from beginning to end, and don't scratch a single name. Do this and you do your duty as a citizen who loves good government and is opposed to a return of Radicalism in North Carolina.

EDITORIAL NOTES.

Show your manhood and vote the Democratic ticket.

Be sure that you vote the straight Democratic ticket, no scratching.

Give your condemnation to fusion by voting the straight Democratic ticket.

If you vote for Harry Skinner you vote for a man who seems anything for office.

If you want the first district to be properly represented in Congress vote for Branch.

A vote for the Democratic Legislative ticket is a vote to continue good government in North Carolina.

Poll tax in several counties is over \$3. If you colored people want it the same here, vote the Third party ticket.

Willis R. Williams is going to be elected Clerk of the Superior Court. Put in your vote for him and help swell his majority.

Could you ask for better county officers than Dick King, Henry Harding and John Flanagan have made? If not go vote for them.

If you vote a fusion ticket you are encouraging the party that holds secret night meetings with the negroes and "swears them in."

Vote for every Democrat on the ticket. Take no chances. It will be too late to say what you might have done when the opportunity is past.

It seems to be strangely true that when a man leaves the Democratic party, he leaves all his good traits there, or at least shows few afterwards.

Watch your tickets closely and be sure that you have the right kind and the right number. Every voter is entitled to cast a ticket in six different boxes.

We are told that at some of the secret night meetings the fusionist candidates have been holding, they take it by turn to "swear in" the negroes to vote for them.

Wonder if G. W. Cox, chairman of one of the Republican committees, still thinks the Populists are anarchists and communists, and unfit to be trusted with power?

When we hear of old time negro-cussing Democrats swearing negroes in night meetings to put themselves into office we exclaim "What a fall, my countrymen! What a fall!"

If you vote for E. A. Moyer for Superior Court Clerk you vote for a man who while in office turned against the party that honored him with it and used his efforts to destroy that party.

The negroes now get nearly half the school fund of Pitt county. They pay only one-fifth of it. That is under Democratic rule. Third party rule would only give them what they paid.

Many honest men voted the Populist ticket in 1892, when the party professed to have some principles. Now that principle has been sacrificed in favor of fusion these men should vote the Democratic ticket.

Once upon a time a certain white man turned Republican. Certain Democrats wanted to know how he felt "after turning negro." Now somebody else is trying to get into that camp. Wonder how he feels?

Wonder if Col. Harry Skinner will pat the fusion candidate for the Senate on the head and introduce him as the next Senator from Pitt county, and then on election day vote for the Democratic nominee, as he did two years ago?

Out of the \$35,000 taxes paid in Pitt county each year, only a little over \$5,000 is paid on land. How would you land owners like to pay the other \$30,000 and let all those rich fellows who have money and notes pay nothing. That is the Third party plan.

Third party men want land to pay all taxes. Think of it. You who own land valued at \$500 now pay \$3.07. Under their plan you would pay \$8.75. And a certain merchant in Greenville who now pays about \$150 taxes would not pay one cent. Do you like that?

THE GREAT QUESTION.

What Has the Democratic Party Done?

It has repealed the Federal election laws, which were a standing menace to the South. This saves to the people \$450,000 a year.

It has reduced the tariff to a revenue basis, saving to the people of the United States by lower prices nearly a billion dollars.

It is giving to the people a clean, honest and economical administration of the government.

It has saved to the people \$28,835,659.70 by a reduction of the general expenditures of the government.

It has returned to the Treasury of the United States \$25,295,712.65 which had been appropriated for pensions.

It has appropriated for pensions \$14,943,780 less than the last Congress did.

It has suspended the pensions of 15,520 old soldiers which were fraudulently obtained.

It has elected the only President, with one exception, who has had the courage to veto a pension bill. President Grant vetoed four bills. President Cleveland vetoed five hundred and twenty-four.

It has saved to the people \$15,200,000 by the repeal of the sugar bounty.

It has abolished 600 useless government offices.

It restored to the people \$93,000,000 acres of lands during Cleveland's first administration. It has restored over 2,000,000 acres during this administration, and the House of Representatives has passed a bill restoring an additional 54,000,000 acres.

It has upheld law and order and put down the mobs of anarchy.

It has repealed the law which exempted Treasury notes from taxation, so that now all money must be taxed.

It has passed the best antitrust law ever put upon the statute books.

It has passed an income tax law, which takes a heavy burden from the shoulders of the poor, and places it on the surplus wealth of the rich.

In 1878 it made silver a full legal tender, after it had been demoralized by the Republicans in 1874.

During the last three months it has caused to be coined 1,830,000 silver dollars. From the foundation of the government in 1789 to 1873 only a little over 8,000,000 silver dollars were coined.

Through a Democratic Secretary of the Treasury it has redeemed \$4,367,846 of Treasury notes, issued under the act of 1890, in silver. The former Republican Secretary redeemed them only in gold.

It has increased the volume of money in the country \$37,980,420 in the last eleven months.

It has given North Carolina a better State government than that of any State in the Union.

It has redeemed more pledges in one year than any other party has ever done. It will redeem them all.

It has been faithful to the people and has ever stood for the greatest principle known to man, the right of home rule.

One of our popular young men went to Main's circus Tuesday taking a lady friend with him. After the performance they went into the menagerie and walked slowly through it looking at the animals. This interested the young man very much and he unconsciously got ahead of his companion. After making the circuit of the tent he thought it time to leave and taking hold of the lady's arm, as he supposed, started to leave. Turning to speak to her he found that he had changed partners and had taken a colored woman. The young lady was a few feet behind almost convulsed with merriment and the colored woman seemed equally amused at the mistake. There was another quick exchange and the young lady was taken home, very few words being exchanged during the walk.—Salisbury Herald.

Wonder if the above poetry is as applicable now as it was in 1886, when E. A. Moye was the Democratic candidate for Clerk, and his Republican opponent quoted it in the canvass?

It is reported that at their secret night meetings some of the fasten candidates have been telling the negroes that if the Democrats are elected this time they are going to disfranchise the negro by passing a bill that no one could vote who was worth less than \$1,500. Wonder if they think the negroes have got little enough sense to believe this after being told the same thing for twenty years?

Lovely Winter Fashions.

The Winter or December number of "Toilettes" a name dear to the hearts of all ladies, has just been received; this issue closes up in glowing colors the 14th volume and the year 1894. It is a superb number, with over 127 elegant fashion illustrations, a large four page supplement in a soft-pleasing color, and an extra supplement of new sleeves, a short article on Ball and Evening Costumes, of which this number contains a large assortment, the beginning of a dictionary of French words, with their pronunciation; besides well written articles on Paris and New York fashions. HOW TO GET THERE.

A Conversation Between a Newly Married Couple.

He.—Well Sallie, I think we are about fixed.

She.—You men are always about fixed but never get there.

He.—I bet I have got there this time.

She.—Please tell me how!

He.—I have engaged the house and bought the Furniture so we can move next week, how do you like that?

She.—How do you expect to pay for the Furniture? I am not going to have any of your common stuff and you can't buy anything else, as you told me we would have to live close as you were getting a small salary.

He.—Stop a little, Sallie dear, and I will try to explain. You know that fine Oak Suit you admired so much at the Furniture & Racket Store.

She.—Yes I know what a beauty it is but you can't buy that, you said you had no money but your salary.

He.—You are right, but I have bought it, come go around to the house and look at it.

She.—All right, I believe I will.

He.—What do you think of it?

She.—Oh, Jimmie, it is just too lovely for anything, how in the world did you manage to get there?

He.—I will show you, here is the contract with the Furniture & Racket Store and it calls for an Oak Suit \$25.00, one Washstand set 4.50, one tin set 1.25, one oak extension dining table \$5, one set knives 2.00, forks 1.50 one set spoons 1.00, one pair Cuspidores 20cts, one Castor 75, one set dishes plates, cups and saucers 5.80 making a total of \$45.00 I paid them ten dollars cash and will have to pay five dollars per month which you see will only take me seven months to pay the whole bill that is the way I got there.

She.—Oh, Jimmie, come here let me kiss you, you sweet thing. I am going to try and help you pay for these beautiful things, but men like you forget to get any towels you men always forget something.

He.—That is so, I will go right down to the Furniture & Racket Store, I saw some there pure linen 21 inches wide and 45 inches long at 48 cents a pair. If there is anything else you want let me know and I will get it there as they keep every thing needed about the house and sell as cheap as any house in town, in fact I believe a little cheaper if you look at the quality of their goods, so kiss me honey and I will go after the towels.

I have been a sufferer from trouble with my kidneys. My back was so lame I could not raise myself from my chair, nor could I turn over in bed without great pain. I also suffered much with indigestion. Since taking four bottles of Hood's Sarsaparilla with most gratifying results, I now feel like a new person. Hood's Sarsaparilla has done more for me than all the other medicines I have ever taken. Suffering has ceased to be a dreaded trouble and I have been restored to perfect health. Through sympathy
