The Reflector confesses that it is unable to see the matter of the State corporation commission allowing telephone companies to make their rates for night messages the same as for day messages in the same light as it is viewed by some of it exchanges. The Raleigh News and Observer, for instance, denomees the rule gar "Arbitrary, unjust and unreasonable." We have never yet been able to see which party the railrocks look to see which party the railrocks look to the Raleigh News and Observer, at the left of the special favors.

The Raleigh News and Observer, for instance, denomees the rule gar as a spring of special favors.

The Raleigh News and Observer, for instance, denomees the rule gar as the other. We have never yet been able to see why either a telephone or telegraph messages that the dark, when it requires just as much service and expense to trained just as when it requires just as much service and expense to trained just as when it requires just as much service and expense to trained just as when it requires just as much service and expense to trained just as when it requires just as much service and expense to trained just as when it requires just as much service and expense to trained just as when it requires just as much service and expense to trained in the literary work.

The Raleigh News and Observer, and the same in the special favors.

The Raleigh News and Observer, for instance, denomees the rule of the papers are intended to the special favors.

The national campaign commission allowing telephone companies to make their rates for night messages the same as for day messages that the people ought to take into consideration when in Fallow so one of the exchanges. The national campaign commission that all could not appear promptily. We will get them all print to the state for the state for the state for the state and the state of the state for the state of the state

one as the other. We have been at legraph operator for twenty five years and know that it is just as much trouble and requires just as much labor to handle a night message as a day message, and we take it for granted that the same is true in the matter of telephone messages. If the companies can afford to send messages at a certificial to the send message at a certificial to the send message at a certificial to the send message at a certific to the send message at a certificial to the send message at a certification of for prosperity and progress. Pitt for do send messages at a certain rate at night, it looks to us like they can afford to give just as low a rate in the day time.

It seems to us that it would be equally as reasonable to say

The figures quoted by The county is on the upward march and we should keep her going for ward.

The figures quoted by The Chronicle in the above are not at all creditable. It is a reflection on the party and on the party and on the state that a campaign was conditive them an audience. No doubt them an audience. No doubt they dubbed him "the mean old ducted in which so much money was spent to secure a nomination."
