SHOULD BE CONSIDERED WHEN YOU PURCHASE

First: Is the Piano strictly high-grade, of a lasting tone-quality, and made by a reliable factory?

The use of best materials, best construction by skilled workmen, profiting by the experience the STIEFF FACTORY has had in its sixty-eight years of continued manufacture under the same management, places the STIEFF PIANO at the head of High-Grade Instruments. Its sweet tone does not change, aas does the so-claimed "good as" variety, so often sold by dealers to unsuspecting purchasers because there is more profit in the sale.

Second: How can I obtain the BEST PIANO for the least money, value being considered?

Answer-BUY Straight E the Factory

All STIEFF PIANOS ARE FOLD TO THE CUSTOMER BY THE MANUFACTURERS thus guaranteeing against excessive profits often obtained when an instrument passes through several ownerships before reaching the customer.

Answer-You are

If you buy a STIEF!. There are more STIEFF PIANGS in use in North Carolina then any other three makes of high-grad. Pianes. Some of the STIEFFS in use have been in the same homes for over half a century, and to all STIEFF purchasers we gladly refer.

The STIEFF is sold for cash or on terms to suit purchaser.

The greatest applause their babes that they might be trained up in the way that they should go, the good ladies came to pledge anew their faith in the principles of Democracy, and to demonstrate to these people that they are not forgetful of what they are not forgetful of what the Democratic party has done for them in the past. It was Democracy's day, and if there was a Radical present he was silent in seven languages.

Beats Them All. The statesman does the speaking, The editor booms the town, Here's to you, dear ladies, May you live one thousand years,
To sort 'er keep things lively,
In this vale of human tears, The lover does the popping, The damsel turns him down. The poet does the dreaming, The farmer clears the woods,

And here's that we may live,
One thousand years, too.
Did we say "a thousand years?"
No, a thousand less a day.
For we should hate to live on earth The eagle does the screaming, But the stork delivers the goods. Subscribe for The Reflector.
